A submission can contain multiple filings and you can view all individual filings in this section. Additionally, you can view and print the filing details, resubmit a rejected filing, and archive filings for inactive cases.

#### 6. Drafts

You can save an unfinished submission as a draft at any point in the submission process. Return to the Drafts section at any time to resume the submission process.

#### 7. eServices

- **Fax Service Outbox** - Go here to view details about FileTime Fax Service sent by you to case counsel.
- **eServices Search** - Go here to search to see if an attorney is listed on the eFileCA Public Service Contact List. A Yes means that you will be able to eServe that attorney.

#### 8. Templates

Under the templates button you have the following options under the drop-down menu:

- **Case Templates** - This function enables you to use a Case Template created by your Admin team to start a new submission.
- **Case Party Templates** - You and/or your firm members can create templates containing the names and addresses of parties your firm often represents. In this section you can add new case party templates and edit existing templates.

### C. Admin Sub-Navigation Bar

The Admin sub-navigation bar (Figure 1-2) displays when you click on the **Workspace** button.

Figure 1-1, Workspace Sub-Navigation Bar

#### 1. Firm Users

Manage all your firm users in this feature. You can add new users, opt your firm attorneys into the eFileCA Public Service Contact List, update user names, inactivate users from your firm account, assign a role of firm manager to additional registered firm staff, change user passwords, and more in this area.

## 2. Firm Info

Go here to update your firm information in the eFileCA system, make it mandatory that your firm filers enter a matter/client number for every submission, request that your firm be made sales tax exempt, and enable firm attorneys and staff to self-register with the eFileCA system through your firm account.

## 3. Payment Accounts

You must create at least one firm Payment Account in order for your firm to be able to eFile. However, you can create as many as needed. You can use a credit card or debit card for each Payment Account. Creating a Waiver Payment Account allows your filers to submit filings for indigent and other no-fee cases you have.

## 4. Firm Fee

This feature enables you to choose the FileTime fee plan that best fits your firm needs.

## 5. Firm Contacts

This feature is purely optional. By entering your firm's main Administration, IT, and Accounting contacts in this area you enable us to more quickly contact the correct person in your firm if any issues arise.

## 6. Service Contacts

There are two features available when you click the drop-down arrow for Service Contacts:

- **Firm Service Contacts** - In this section you should enter the names of all firm attorneys and staff that will be designated to receive eService from counsel. On this page you can also add attorneys and staff members (if desired) to the eFileCA Public Service Contact List. Names entered here will automatically populate the Service Contact selection list when a filer is submitting a filing and searching to add firm service contacts to the case.
- **Non-Firm Service Contacts** - In this section you will be able to manage other firm counsel your firm members have added as non-firm service contacts because those counsel were not opted in to receive eServices for cases.

## 7. Attorneys

The list of attorneys on this page will automatically populate the attorney-of-record selector when a filer is submitting a new case filing. Attorneys who are registered in the eFileCA system will automatically display on this page. You can add attorneys to this list without registering them in the eFileCA system.

## 8. Reports

The Reports feature contains many different report types you can run, whether it be to assist in billing, to check on submissions/filing for a specific case, check on submissions by a specific staff member, etc.

## 9. Case Templates

This feature enables you to create case templates to be used by staff to file in new cases. The template saves the filer time because the template data is defaulted into the new case filing.

## D. My Account Sub-Navigation Bar

This feature contains all data specific to you in FileTime and the eFileCA system.

# Chapter 2

## XIV. General Guidelines for eFiling and eService

### A. Time stamp time and date

The time stamp reflects the instant you click the submit button at the time of Submission. So, assuming you click the submit button at 5:15 PM Friday afternoon and the clerk does not accept the filing until Monday morning, your file stamp will still show 5:15 PM Friday afternoon.

However, eFilings submitted on Saturday, Sunday, or any legal holiday will be file stamped as of the next business day.

Additionally, the time stamp reflects the local time at the receiving jurisdiction, not the location from which you submit the eFiling. For example, submit a filing at 5:59 PM in Harris County (CST) into El Paso County (MST) and the file stamp will show 4:59 PM.

### B. Deadlines

You may submit a filing until midnight and the filing is considered to have been filed that day. Filings submitted on Saturday, Sunday, or any legal holiday are considered to have been filed the next business day.

eFiling does not, however, extend eFiling deadlines. So, if you have a 10:00 AM filing deadline for a specific document, you must click the Submit button on that eFiling by 10:00 AM.

### C. Rejected Filings

You may resubmit a filing previously rejected by the clerk of court and it will be considered as having been filed at the time of the original (rejected) filing. We recommend that you enter a note to the clerk in your follow up that it is a replacement for the rejected filing.

All filing fees are refunded when your filing is rejected by the clerk.

### D. Canceled Filings

You may cancel submitted filings until the clerk's office begins reviewing it. FileTime enables you to cancel:

- An entire submission (all filings in the submission) if the clerk has not opened any of the filings in the submission or
- A specific filing in those instances when you submitted multiple filings with one submission.

All filing fees are refunded for a filing when you cancel the filing.

### E. Filing Statuses

There are five possible statuses for submissions in the eFileCA system:

- **Submitted** - Your filing(s) has/have been submitted to the court and awaiting review by the clerk's office.
- **Under Review** - The intake clerk has locked your filing for review and it can no longer be canceled. If there were multiple filings in the submission, the other filings may not yet be in the review process (but they will be very soon) since the clerks review each filing separately.
- **Accepted** - When the intake clerk accepts the filing, the document enters the court records, the final debit is placed on your Payment Account for the filing, and you are sent the **Accepted Filing Notification** email.

- **Canceled** - When you cancel a submitted filing it then displays a status of Canceled. You will be sent the **Canceled Filing Notification** email.
- **Returned for Correction** - The clerk may return your filing if it does not meet the standards. In this event all your filing fees for that filing will be refunded. Pursuant to the rules governing eFiling, the clerk is to consider your follow up filing as having been submitted at the same time as the original (rejected) filing. You will be sent the **Returned for Correction Notification** email.
- **Failed Filing** - The eFileCA system can Fail a filing because of issues with the document(s) in the submission. You will receive a Failed Filing Notification email.

#### **F. Time of Service (electronic service or eService)**

The time of service is the time that the service notification is emailed to the service contact. The contact process is controlled entirely by eFileCA so we cannot provide an exact time of delivery. However, eFileCA assures us that service is delivered very quickly after submission.

# Chapter 3

## XIV. Integrated versus Non-Integrated Jurisdictions

Before you begin filing it is important to understand that there are two major distinctions between the jurisdictions that accept eFileCA eFilings.

### A. Integrated Jurisdictions

An integrated jurisdiction is one that provides case data with eFileCA, which in turn provides the case data to FileTime. When you have not previously eFiled into a case, you will need to search for it in the eFileCA system. The process will be explained in the next section.

When you are searching for a case in an integrated case and the case is found, nearly all case data will automatically populate your Case Information page so you have very little case information to add.

### B. Non-Integrated Jurisdictions

A non-integrated jurisdiction is one that does not provide case data with eFileCA. Because of that, eFileCA cannot provide any case data to FileTime.

When you file into an existing case in a non-integrated jurisdiction you will need to enter all case data, including case parties.

When you search for the case you will be presented with the following message:

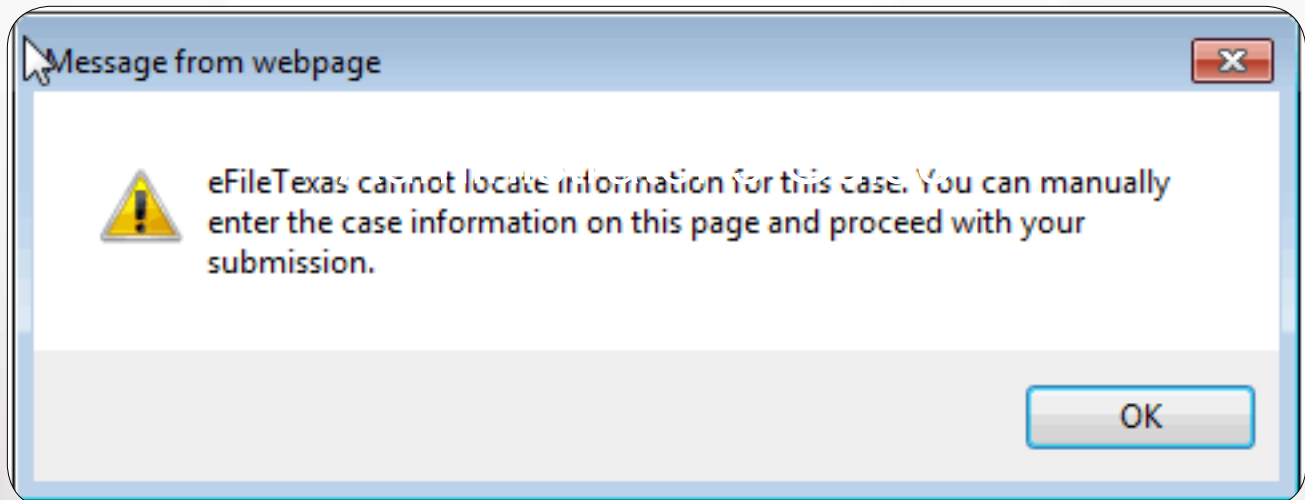

Figure 3-1, Case Information Not Found

Clicking the **OK** button returns you to the Case Information page where you will then manually enter the case information.

# Chapter 4

## IV. Six Ways to Start a Submission

After you login you will be taken to the **Case Overviews** page (**Figure 4-1, B**). This is found under the Workspace tab (**Figure 4-1, A**) if you need to return from the **Admin** or **My Account** areas.

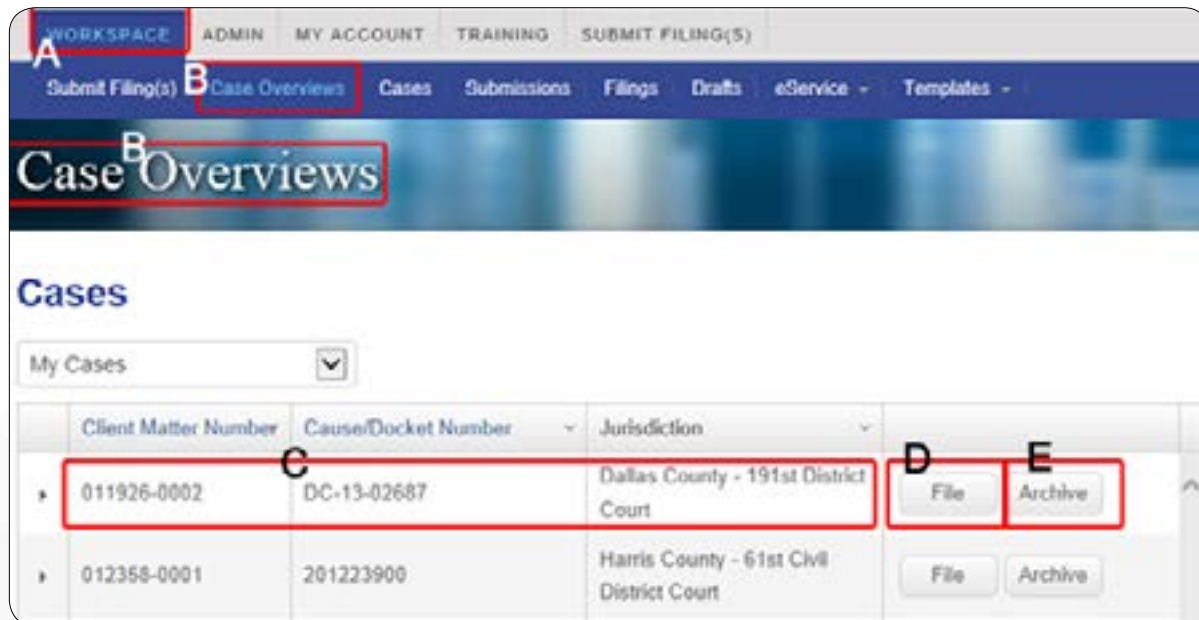

Figure 4-1, Case Overviews

Your Cases pages will display (**Figure 4-1, C**). If this is your first login, nothing will display under the case list.

Cases will display in this grid:

- After your have submitted a new case and the clerk has accepted and assigned a case/cause number to it or
- You have retrieved an existing case from eFileCA.

You will also find a list of cases under the **Cases** section. The difference between these two pages is:

- On the **Case Overviews** (**Figure 4-1**) page you will be able to drill down and manage details about the case.
- On the **Cases** page you can bookmark existing pages and view details about cases.

On both pages you will be able to Submit a new filing for the case by clicking the **File** button (**Figure 4-1, D**).

You can also remove an inactive case by clicking the **Archive** button (**Figure 4-1, E**). An archived case is not deleted and may be accessed in the **Case Archive** (Chapter 12) section from which you can reactivate the case at any time.

### A. Submit an Existing Case Filing

You have two options when filing into an existing case.

If you, or someone in your firm, have previously filed in the case, you will be able to find it in the **Case Overviews** or **Cases** pages. Click the **Submit** button (**Figure 4-2, I**) for that case and you are

taken to the **Case Information** page. Follow the submission process from there.

The **Cases** page (**Figure 4-2**) is also under the **Workspace** (**Figure 4-2, A**) section.

Client Matter Number	Cause/Docket Number	Jurisdiction	File	Archive
6789	201346529	Harris County - 311th Family District Court	File	Archive
FT-03456	322-538464-13	Tarrant County - 322nd District Court	File	Archive
87565645	201306431	Harris County - 190th Civil District Court	File	Archive

Figure 4-2, Cases Page and Search for Existing Cases

As with the **Case Overviews** page you will see a list of existing cases (**Figure 4-2, G**) from which you can choose to archive (**Figure 4-2, H**) the no longer active case.

If you have not previously eFiled in the case through FileTime, you will not find the case in the grid. Search eFileCA for the case information by:

- Selecting the jurisdiction (**Figure 4-2, C**). Remember that you will not find the case if you do not select the correct jurisdiction. Then
- Entering the **Case/Cause/Docket Number** (**Figure 4-2, D**) - Be certain to enter the number exactly as it exists with proper capitalization.
- Clicking the **Go** button (**Figure 4-2, E**).

If you are filing into an Integrated jurisdiction (**Chapter III, A**), nearly all of the information for the case will populate on the Case Information page (next section).

However, if you are filing into a non-integrated jurisdiction (**Section III, B**) the case information will not be found and you will see a pop-up message (**Figure 3-1**) alerting you that the case information is not available.

## B. Submit a New Case Filing

Click one of the **Submit Filing(s)** buttons (**Figure 4-3, i**) when you want to submit a new case filing for which there is not an existing cause or docket number. You will be taken to the **Case Information**

page (**Figure 4-3**) to begin the submission.

Here you will click the **This is an Original Petition** button (**Figure 4-3, B**) to begin a new case filing

The screenshot shows the top portion of a web application interface. At the top is a navigation bar with tabs: 'WORKSPACE' (highlighted with a mouse cursor), 'ADMIN', 'MY ACCOUNT', 'TRAINING', and 'SUBMIT FILING(S)'. Below this is a secondary navigation bar with links: 'Submit Filing(s)', 'Case Overviews', 'Cases', 'Submissions', 'Filings', 'Drafts', 'eService', and 'Templates'. The main heading 'Case Information' is displayed in a large, stylized font. Below the heading is a horizontal progress bar with four steps: '1 Case Information' (highlighted with a red box and labeled 'A'), '2 Upload Documents', '3 Service Contacts', and '4 Review Filing'. Under the 'Case Information' step, there is a section titled 'Case' with two radio button options: 'This is an Original Petition' (selected and highlighted with a red box and labeled 'B') and 'This is an Existing Case'.

Figure 4-3, Top of the Case Information Page

### C. Resume from Draft

The **Drafts** feature (**Figure 4-4, B**) is located under the Workspace section (**Figure 4-4, A**).

If you are interrupted during a submission process you can save the partially completed submission as draft. Later you can finish the submission by going to the **Drafts** page (**Figure 4-4, B**), finding the draft you need (**Figure 4-4, C**), and click the **Resume** button (**Figure 4-4, D**) to restart the submission process.

The screenshot shows the same web application interface as Figure 4-3, but with the 'Drafts' link highlighted in the secondary navigation bar. The 'Case Information' heading and progress bar are still visible. The 'Case Information' step in the progress bar is highlighted with a blue box and labeled '1'. The 'Case' section is partially visible at the bottom of the page.

Figure 4-4, Drafts

Click the trash can icon (**Figure 4-4, E**) to delete a draft.

After clicking the **Resume** button you will be returned to the **Case Information** page. Click the **Next** button at the bottom of each submission page until to you reach the point where you left off.

## D. Resubmit a Returned for Correction Filing

When a filing or entire submission is rejected by the clerk of court or if the documents are stricken so you must resubmit them to the court, you can save time by using the FileTime **Resubmit** features.

### 1. Resubmit an Entire Submission

Click the **Returned for Correction Filing** (Figure 4-5, A) option on the **Case Information** page.

The screenshot shows the FileTime web interface. At the top is a navigation bar with tabs: WORKSPACE, ADMIN, MY ACCOUNT, TRAINING, and SUBMIT FILING(S). Below this is a secondary navigation bar with links: Submit Filing(s), Case Overviews, Cases, Submissions, Filings, Services, Drafts, and Templates. The main heading is 'Case Information'. Below the heading is a process flow with four steps: 1 Case Information, 2 Upload Documents, 3 Service Contacts, and 4 Review Filing. Under the 'Case Information' step, there are three radio button options: 'This is an Original Petition' (selected), 'This is an Existing Case', and 'Returned for Correction Filing'. The 'Returned for Correction Filing' option is highlighted with a red box and labeled with a large letter 'A'.

4-5, Resubmit Entire Submission

FileTime will present to you a list of all of your Returned for Correction submissions. Click the **Select** button for the one you wish to resubmit.

You are returned to the **Case Information** page. Go through the standard submission process.

This will resubmit all of the filings that were included in the submission and preserve your original submission date.

### 2. Resubmit only an Individual Filing

However, you may need to submit only one filing out of a submission of several.

In this case you will want to resubmit an individual filing instead of the entire submission.

Under the **Workspace** section (Figure 4-6, A) click the **Filings** button (Figure, 4-6 B).

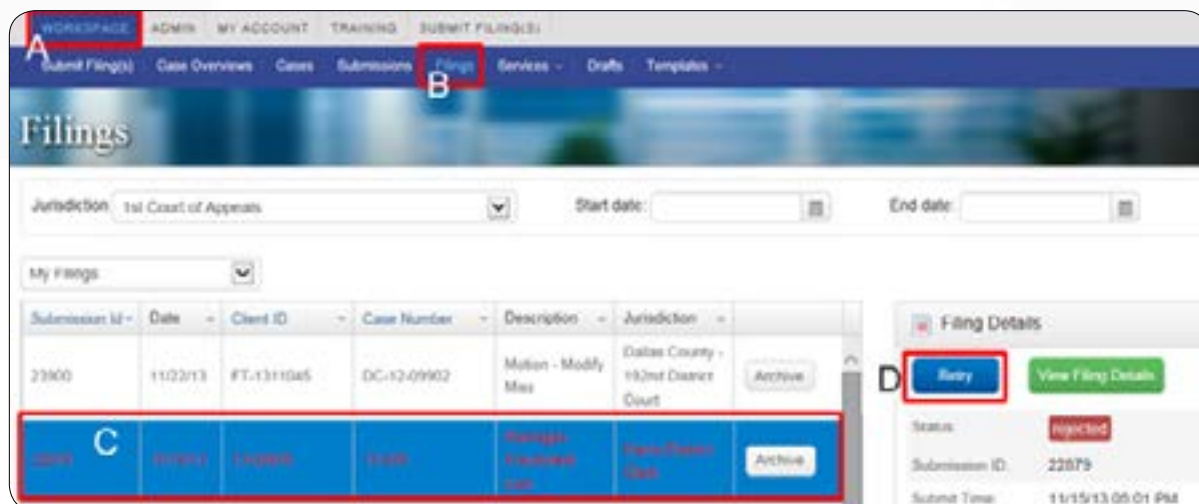

Figure 4-6, Resubmit Rejected Filing

The **Filings** page opens.

Click the row for the Filing that you want to resubmit so it is highlighted (**Figure 4-6, C**).

Click the **Retry** button (**Figure 4-6, D**).

You are returned to the **Case Information** page. Click the **Next** button until you come to the page where you need to make changes to the filing and do so.

#### E. Submit a Filing from a Template

If your firm administrator has created a template, find it will find it under the **Case Templates** area (**Figure 4-7, B**).

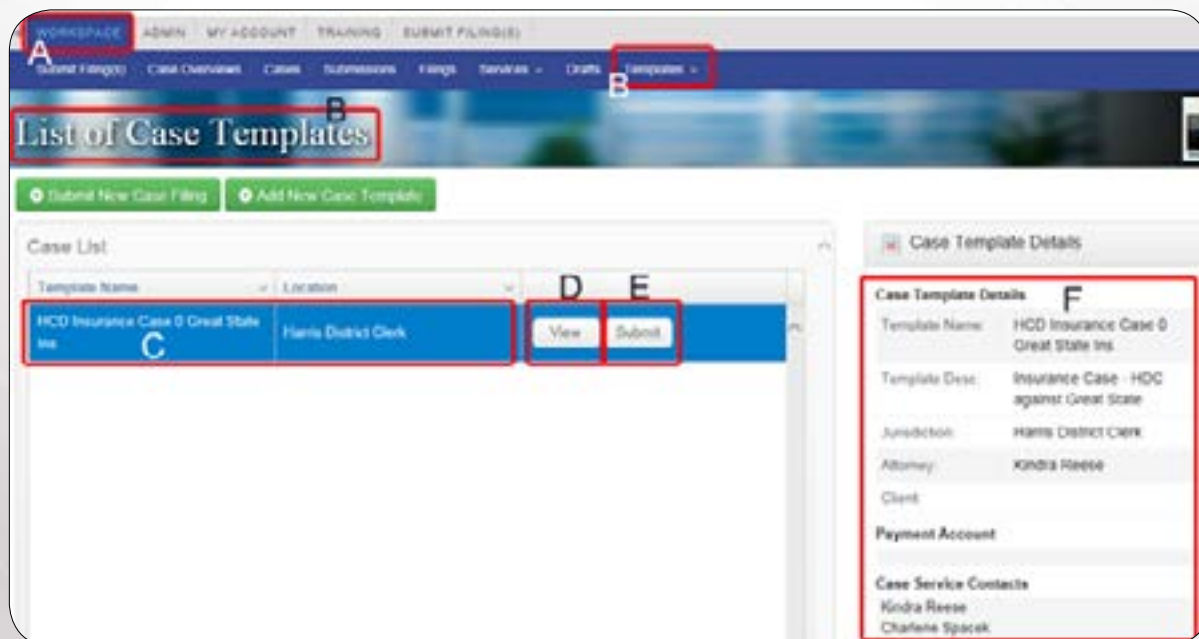

Figure 4-7, Case Templates

Find the filing and click the row to highlight that row (**Figure 4-7, C**) Information about the template displays in the **Case Template Details** section (**Figure 4-7, F**).

Click the **View** button (**Figure 4-7, D**) to see more details about the template or click the **Submit** button (**Figure 4-7, E**) to begin a new submission based upon that template.

## A. Submit a Filing from the Alerts Page

The alerts page is a great place, but not the only place, from which to resubmit filings Returned for Correction by the clerk of court or filings rejected by eFileCA.

If there are any applicable Failed filings or Returned for Correction filings, the **Alerts** button on the top navigation bar (Figure 4-8, A) will be in **red** and will flash.

Clicking that button opens the **Alerts Manager** page (Figure 4-8). The default view is set to display **My Alerts** only (Figure 4-8, C). Under this default setting:

- The **Alerts** button (Figure 4-8, A) only flashes when there are applicable failed filings, eServices, or faxes for you and
- The **Alerts Manager** page only displays those applicable submissions.

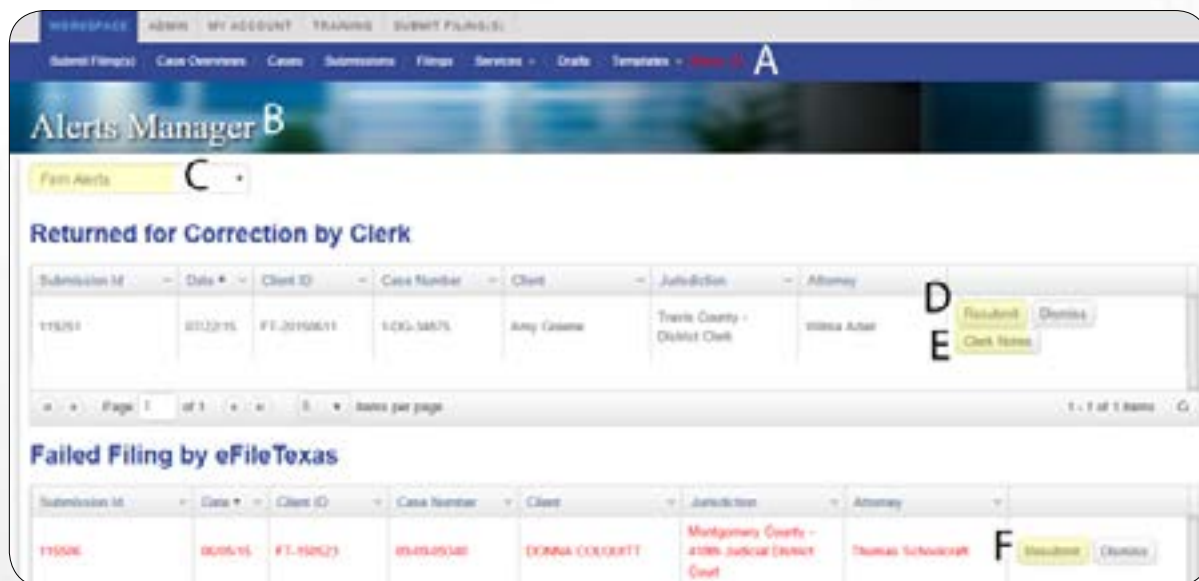

Figure 4-8, The Alerts Manager

However, when it is set to Firm Alerts (Figure 4-8, C):

- The **Alerts** button (Figure 4-8, A) flashes when there are applicable failed filings, eServices, or faxes for and firm filer and
- The **Alerts Manager** page only displays all the applicable submissions for all members of your firm.

### 1. To re-submit a Returned for Correction filing

and preserve the original submission time and date:

- First click the **Clerk Notes** button (Figure 4-8, E) to read what the clerk has told you needs to be corrected.
- Then, click the **Resubmit** button (Figure 4-8, D) and complete the submission while making the necessary corrections.

### 2. To resubmit a Failed filing:

- Determine which document caused eFileCA to fail the submission and what was the reason for them to do so,
- Correct the document, and

- Click the **Resubmit** button (Figure 4-8, F) and complete the submission with the revised document(s).

Click the **Dismiss** buttons to delete an alert from this page.

Any alerts on the **Alerts Manager** page that have not been reviewed are displayed in **red text**.

Any alerts for which the **Resubmit** buttons have been clicked are displayed in **gray text**.

## XIV. The eFiling Process - Case Information

The Case Information page is the first page in the submission process. You find it under the **Workspace** section (**Figure 5-1, A**). An easy way to access this page is to click the **Submit Filing(s)** button (**Figure 5-1, B**).

Figure 5-1, Case Information Page

You are now on the **Case Information** page (**Figure 5-1, C**).

### A. Select the Filing Type

#### 1. Filing Into a New Case

If you are filing for a new case, click the **This is an Original Petition** option (**Figure 5-1, D**) to begin the submission process. You will need to complete all of the fields on this page as well as adding the case parties.

#### 2. Filing Into an Existing Case

If you are filing into an existing case, click the **This is an Existing Case** option (**Figure 5-1, E**). The **Search Case** window opens (**Figure 5-2**).

Figure 5-2, Search for a Case

Select the **Jurisdiction** (Figure 5-2, A) and enter the **Case/Cause/Docket Number** (Figure 5-2, B) exactly as it appears in the court records.

Click the **Search** button (Figure 5-2, C) to search eFileCA for the case.

If the case is found in eFileCA (an integrated case - **Section III, A**) you will be returned to the **Case Information** page (Figure 5-1) with most of the information pre-populated for the case.

If the case is not found (a non-integrated case - **Section III, B**) you will be presented with a **Message from the Web Page** that the case cannot be found. Click the **OK** button.

You are returned to the **Case Information** page (Figure 5-1) with none of the case information entered on the page. eFileCA was not able to obtain the existing case information from the jurisdiction so you will need to manually enter it.

### 3. Returned for Correction Filing

Select **Returned for Correction Filing** (Figure 5-1, F) option when the clerk has returned a previous filing for correction. Using this option preserves the submission date of the original submission.

#### B. Enter Any Missing Data

- **Jurisdiction** (Figure 5-1, G) - Be sure to select the correct jurisdiction. Many filings are rejected because the filer selected Harris County Court instead of Harris District Court, for instance.
- **Case Category** (Figure 5-1, H) - These options are provided by the clerk of court.
- **Case Type** (Figure 5-1, I) - These options are provided by the clerk of court.
- **Client ID** (Figure 5-1, J) - This field is mandatory only if your firm eFiling Administrator has made it so in the **Firm Admin > Firm Info** section. A Client ID for each submission is particularly helpful to have at billing time.
- **Payment Account** (Figure 5-1, K) - Select the firm payment account for this case. If no payment accounts display, ask a firm eFiling manager to enter one in the Payment Accounts section of the Admin Area.
- **Filer Type** (Figure 5-1, L) - This field displays only for a few jurisdictions such as Harris and Tarrant District courts. Choose your filer type from these options: Attorney, Government Filer, Non-Party Filer, or Pro Se Filer.
- **Attorney of Record** (Figure 5-1, M) - Select the attorney of record for this case from the drop-down selector. If an attorney does not display, your firm eFiling administrator must add the attorney the Attorneys section of the Admin area.

ALWAYS upload your lead document first. As a general rule that is the document you are filing with the court and it usually receives a file stamp.

Each jurisdiction has its own unique rules about the uploaded documents. Click the **Clerk Policies** link (**Figure 6-1, M**) for guidelines. We highly recommend that you read the Clerk Policies for the jurisdiction before uploading your documents.

If you use our free fee plan you can upload only PDF files.

If you select one of our paid fee plans you can upload a wide variety of file types including: tif, jpeg, doc, docx (Microsoft Word, and PDF. FileTime converts Microsoft Word docs to text-searchable PDF files for you.

## 2. File into Harris County District Court

The differences between Harris District and other jurisdictions begins on the **Add Filings** page. You will find that the **Filing Code** options (**Figure 6-8**) look very different in Harris District than they do in any other jurisdiction. Select the appropriate choice under **Filing Code**.

Figure 6-9, Harris District Court Document Category

The **Document Category** field (Figure 6-9, A) functions more like the Filing Code in the other jurisdictions.

You will need to select the correct **Document Category** for each document you upload.

The upload process itself is the same in Harris District as it is for the other jurisdictions.

### C. Uploading Attachments to the Lead Document

After uploading the lead document, you can then upload any attachments to the lead document. Be aware that some jurisdictions do not allow attachments - each document must be uploaded as a lead document in a separate filing.

The lead document now displays on the grid (Figure 6-10, A).

Figure 6-10, Lead Document Uploaded

Click the **Add Another Document** button (Figure 6-10, B) to add an attachment to the lead document.

The **Upload Document** window opens again (Figure 6-11).

The screenshot shows the 'Upload Document' window. It has two dropdown menus: 'Document Category' (labeled 'A') with 'Exhibits' selected, and 'Document Type' (labeled 'B') with 'Attachments' selected. Below these is a section titled 'Upload the document' containing a green button 'Select File to Upload' (labeled 'C') and a grey button 'Done' with an information icon.

Figure 6-11, Upload Attachments

Select the appropriate **Document Category** (Figure 6-11, A). Remember that in non-Harris County District Court jurisdiction this will be the security type selection.

The **Document Type** defaults to **Attachment** (Figure 6-11, B) since this is an attachment to the lead document and you cannot change it.

Click the **Select File to Upload** button (Figure 6-11, C), upload the document, and click the **Save** button as before to finish the upload process.

Repeat the above process for each attachment you need to upload.

#### D. Renaming Your Document

eFileCA limits the characters in a document name to 50 characters. If the name of your document exceeds 50 characters you will receive a warning from FileTime (Figure 6-12, A).

The 50 characters allowed includes the .pdf extension at the end of the document name so you really have a maximum of 46 characters for the document name itself.

Figure 6-12, Document Name too Long

You can enter a new and shorter name for the document in the **Document Name** field (**Figure 6-12, B**).

The character counter tells you the total number of characters in the document name, including spaces but excluding the .pdf extension. 46 characters, or less is your goal.

Click the **Save** button when completed.

### E. Manipulating/Editing/Deleting Your Documents

After uploading your lead document and any attachments, the Documents area may resemble **Figure 6-13**.

There is valuable information as well as useful features in this area:

Category	Document	Page	Size	Actions

Attachments	Civil Case Information Sheet.pdf	1	0.10 MB	Edit Delete

Totals:		13 <b>E</b>	0.13 MB	

Add Additional Document
Merge Files **F**

Figure 6-13, Repair Document

**Page Count (Figure 6-13, A)** - FileTime automatically displays a page count for each uploaded document. This is particularly helpful if you need to request copies for the petition for the citation.

**Edit button (Figure 6-13, B)** - Click this button to change the **Document Category** or to upload a document to replace the existing document.

**Delete button (Figure 6-13 C)** - Click this button to delete the existing document. If you delete a lead document you must upload a new lead document. In this case, clicking the **Edit** button for the lead document might be a better choice.

**Repair button (Figure 6-13, D)** - FileTime automatically detects when a document's

physical dimensions are outside the eFiling system standard or 8.5 inches wide by 11 inches wide. The size discrepancies often occur with scanned documents. The clerk can strike any document outside these dimensions and orientation. If you are on a FileTime Fee plan for which you pay for each filing, you will see the Repair button in these instances. Click the **Repair** button to have FileTime resize and/or reorient your document to the state standard.

**Total File Size (Figure 6-13, E)** - eFileCA states that the maximum file size is 35 MBs for all documents in a submission. That size limitation may be met by a single large document or a large number of smaller documents. Our experience is that this maximum is somewhat elastic so you might want to try a submission if your total document size is only a little larger.

**Merge Files (Figure 6-13, F)** - Click this button to merge all the PDF documents displayed in the documents grid into a single PDF file. Some jurisdictions, for instance require that exhibits be attached to the lead document. Clicking the **Merge Files** button would cause FileTime to merge the uploaded lead document and the attachment(s) for you.

## F. Make Your Document Text Searchable

You can upload virtually any file type to FileTime and FileTime will convert it to a text-searchable document for you.

When you upload a document, FileTime checks the document for searchable text in the document.

If the uploaded document is a scanned PDF, or an image file such as a .tiff or .jpg file, it will not find any searchable text. FileTime will then alert you with the yellow background and **Searchable** button (Figure 6-14, A). that you see in Figure 6-14).

Figure 6-14, Make Text-Searchable button

Click the **Searchable** button and FileTime will run an OCR process that makes the document text-searchable.

### Important Notes:

- If FileTime finds any searchable text in the document this alert will not be triggered. So, if you have combined a document containing searchable text with a document that does not contain searchable text, FileTime will accept the document without the Alert being triggered.
- The quality of the searchable text in the document is highly dependent on the quality of the image of the page. If the underlying image is poor you will find that the rendition to searchable text in the document will also be very poor. It is YOUR RESPONSIBILITY to ascertain that the quality of the conversion to searchable text is acceptable.
- You can choose not to have FileTime OCR your document. Just ignore the warning, if you

wish, and continue with the submission process.

### G. Add Court Services to Your Filing

The Court Services option displays below the documents grid, Figure 6-15.

The court service options displayed for you vary by:

- Jurisdiction,
- Case Type,
- Case Category,
- Filing Code, and in the case of Harris District,
- Document Category.

FileTime downloads the Court Services options that are provide by the clerk of court via eFileCA.

The screenshot displays the FileTime interface. At the top, the 'Documents' section shows a table with columns: Category, Document, Pages, Size, and Actions. A document titled 'Petition - Motor Vehicle Accident.pdf' is listed with 4 pages and a size of 0.01 MB. A red box labeled 'A' highlights the '4' in the 'Pages' column. Below the document list are two green buttons: 'Add Another Lead Document' and 'Add Attachments'.

Below the 'Documents' section is the 'Additional Court Services' section. It starts with the instruction 'Click a Court Service below to select it for this filing'. Below this is a table with columns: 'Copies', 'Court Service', 'Unit Cost', and 'Total Fee'. The table lists several services, including 'Certificate of Name Change', 'Copies - Service', 'Issue Abstract of Judgment', 'Issue Bench Warrant', 'Issue Capias', and 'Issue Citation'. The 'Issue Citation' row is highlighted with a red box labeled 'B'. The 'Unit Cost' for 'Issue Citation' is \$8.00, which is also highlighted with a red box labeled 'C'. The 'Total Fee' for 'Issue Citation' is \$0.00. At the bottom of the table, there is a 'Totals' row showing a total fee of \$0.00.

Figure 6-15, Court Services

In this example, we want one citation and a copy of the petition to the citation.

FileTime shows that there are four pages in the petition (**Figure 6-15, A**) so four copies of the petition are needed.

Click the selector box for **Issue Citation** (some counties may list it as **Citation with 1 Copy**), **Figure 6-15, B**. You can see from the **Unit Cost** column (**Figure 6-15, C**) that the cost will be \$8.00 per citation.

After clicking the selector for **Issue Citation** and entering 1 as the number needed (**Figure 6-16, A**), FileTime calculates the fee for this service (**Figure 6-16, B**).

Next, click the selector for **Copies - Service** (**Figure 6-16, B**). A field opens in the copies column in which to enter the number of copies needed - 4 (**Figure 6-16, C**).

After requesting all the court services required your Court Services grid may resemble **Figure 6-17**.

Each of the requested services is checked, with the **Unit Costs** and **Total Fee** displayed.

Some of the requested items may be above or below the scroll line, and will be evidenced by the **Total** for all selected Court Services.

Some jurisdictions require that all documents in a submission be uploaded as lead documents in separate filings.

A tipoff to this requirement that no fees will be displayed in the Fees area after you select Petition as your **Filing Code**. In those jurisdictions you will need to make the appropriate selection in the **Court Services** area (**Figure 6-18**).

## H. Add Another Filing to the Submission

After adding your initial filing to the submission, you will often need to add additional filings.

As a general rule, if a document needs a file stamp, it just be filed as a lead document, which requires a separate filing.

Again, each jurisdiction has its own rules about which documents can be filed as attachments and which ones must be filed as lead documents. Watch for a line to any jurisdiction-specific information we have available for you.

To add another filing to the submission click the green **Add Another Filing** button located at the top and the bottom of the page.

You will add the new filing using the steps in Sections A - F.

When you are finished with all your filings they will display at the top of the page like **Figure 6-19** or **Figure 6-20**.

**Figure 6-19** shows each filing, each with its own unique Filing code, as required by some jurisdictions.

**Filings**

Filing	Filing Code	Pages	Size

Each filing in the submission is displayed on a separate row (**Figure 6-20, A**).

Click the **Delete** icon to delete that filing (**Figure 6-20, B**).

The total size of all the documents in all of the filings is displayed (**Figure 16-20, C**). The maximum allowed by eFileCA is 35 MBs. If the document total size exceeds 35 MBs, FileTime will not allow you to proceed. You will find instructions [here](#) on what to do if you experience this issue.

## XIV. The eFiling Process - Service Contacts and Recipients

For more detailed information about eService, see our [eService Guide](#).

The Service Contacts page displays (**Figure 7-1, A**). When submitting an original petition, all the areas (**Figure 7-1, B through E**) will be blank.

There is no additional fee charged for submitting electronic service (eService) to case parties. There are also no fees charged for receiving eService.

The screenshot shows the 'Service Contacts' page in a web application. At the top, there is a progress bar with four steps: 'Case Information', 'Upload Documents', '3 Service Contacts', and '4 Review Filing'. The 'Service Contacts' step is highlighted with a red box and labeled 'A'. Below the progress bar, the main heading is 'eService Contacts and Recipients'. Under this heading, there are four main sections: 1. 'To: Firm Service Contacts(Your Firm Only)' labeled 'B', which contains a table with columns 'Name', 'Email Address', 'Firm Name', and 'Case Party', and a green 'Add Service Contacts' button labeled 'Ba'. 2. 'eService Recipients' labeled 'C', which contains a table with columns 'Name', 'Email Address', 'Firm Name', and 'Case Party', and two green buttons: 'Add Non Firm Service contacts' labeled 'Ca' and 'Add Counsel for eService' labeled 'Cb'. 3. ### A. Service Contacts

The **Firm Service Contacts** section (**Figure 7-1, B**) displays the eService recipients from your firm for this case. You may provide as many firm service contacts as desired. Each of your firm service contacts will receive an eService when counsel eServes in this case.

We HIGHLY recommend that your eFiling Firm Administrator sets up **Administrative Copies** of eService emails to additional email addresses. This will ensure that the notification emails go an additional email address within your firm.

To add **Firm Service Contacts** click the **Add Service Contacts** button (**Figure 7-1, Ba**) in this section. The **Attach Firm Service Contacts to this case** window opens (**Figure 7-2**).

Figure 7-2, Attach Firm Service Contacts to this Case

By default, FileTime displays all **Firm Service Contacts** (Figure 7-2, A) that have been added to your firm's Master Service Contacts list. Select the desired Firm Service Contacts by clicking the check box for the desired name (Figure 7-2, C).

Be sure to select the **Case Party** for that Service Contact (Figure 7-2, D).

If a staff member does not display and you wish to add that person to the **Service Contacts** list, click that **Add Service Contacts** option (Figure 7-2, B).

The **Add Service Contact** page opens (Figure 7-3).

The screenshot shows a web form titled "Add Service Contact" with a close button (X) in the top right corner. At the top, there are two radio buttons: "Firm Service Contacts" (unselected) and "Add Service Contacts" (selected, labeled with a red box and letter A). The form contains several input fields: "First Name" (containing "Eileen"), "Middle Name" (containing "G."), "Last Name" (containing "Lopez", labeled with a red box and letter B), and "Email Address" (containing "elopez@mylawfirm.com", labeled with a red box). Below these is an "Administrative Copy" field (containing "ajoslin@mylawfirm.com", labeled with a red box and letter C) and an "Opt-in to accept eService" checkbox (labeled with a red box and letter D). At the bottom, there is a "Case Parties:" dropdown menu (containing "CARLIN, AMY M", labeled with a red box and letter E), a green "Save and Close" button, and a black "Cancel" button.

Figure 7-3, Add Firm Service Contact

Enter the person's name (**Figure 7-3, B**) and email address (**Figure 7-3, B**).

To assign an **Administrative Copy** of any eService Notification emails sent to this eService Contact, enter an email address (**Figure 7-3, C**) to which the Administrative Copy should be sent.

To add this person to the eFileCA Public Service Contacts list, click the **Make this service contact public** option (**Figure 7-3, D**). It is particularly important to add firm attorneys to the eFileCA Public Service Contacts List (PSCL) to comply with the requirement to participate in the eService system in counties where eFiling is mandated.

Click the **Save and Close** button when done.

## B. eService Recipients

**Service Recipients** (**Figure 7-1, C**) are the service contacts provided by counsel or recipients you add from the Public Service Contacts List (PSCL). All of the eService Recipients on the eService Recipients list will be eServed when click the **Submit** button on the next page, unless you de-select them for eService.

Any Service Recipients whose names are checked will be eServed with this submission. If you have added multiple filings to the submission, all of the checked eService Recipients will receive all of the documents attached to each filing of the submission.

Click the **Add Public Service Contact** button in the **eService Recipients** section (**Figure 7-1, C**).

The **Attach Public Service Contacts to this case** window opens, **Figure 7-4**.

Click the **Go** button (Figure 7-4, D) to start your search.

Click the **Subscribed** check box (Figure 7-4, E) for a name to add that attorney to your eService Recipients list.

If a name you are searching for does not display, try again with fewer search parameters (Figure 7-4, A - C). If the name you seek still does not display, that attorney probably has not been added to the Public Service Contact list.

Click the **Save and Close** button (Figure 7-4, F) when done.

### C. Attach Non-Firm Public Service Contacts to the Case

If counsel, or the pro se filer, is not on the PSCL, and if you have counsel's email address the next steps are:

The **Add Non-Firm Service Contact** window opens (Figure 7-5, A).

Figure 7-5, Add a Non-Firm Service Contact

Click the **Save and Close** button and be returned to the Service Contacts page.

#### D. Fax Service

FileTime provides free fax service for your use when counsel cannot be added to your eService Recipients list. This free service is only available to you for paid eFilings. It is not available to filers using our Basic Fee plan, in which no fee charged for submissions.

### 3. Filing Returned for Correction Notification

You will receive this notification when the clerk has returned the filing for correction. The clerk will provide the reason for the return.

	<b>Filing Returned</b>
	Envelope Number: <b>84006</b>

The filing below which has been previously served to you has been returned for further action from the filer.

Return Reason(s) from Clerk's Office	
Return Reason(s)	Incorrect/Incomplete Info: Please resubmit using correct Case Category
Return Comment	

Document Details	
Case Number	2013-CI-11516
Case Style	Amanda Fleming v Acme Trucking
Date/Time Submitted	10/22/2014 10:03:20 AM
Activity Requested	No Fee Documents
Filed By	Charles Smith
Service Contacts	Kindra Reese

The clerk has the option to "suspend" you filing for reasons such as:

- **Insufficient Fees** - Occurs is you do not select and pay the correct fees required for the filing. This might include not selecting the Case Initiation Fee, not selecting the appropriate number of copies to attach to the citation, etc.
- **Insufficient Funds** - This occurs when your credit card is declined by your credit card issuer. Neither FileTime nor eFileCA will ever decline a credit card - that is always an issue with your issuer.
- **Document Addressed to Wrong Clerk** - This occurs when you select the incorrect jurisdiction.
- **Incorrect/Incomplete Information** - This occurs when you do not have not included required information such as the case number, case type, party names, party addresses, attorney-party emails addresses, etc.
- **Incorrect Formatting** - There is a problem with one, or more, of the PDF files you submitted.
- **PDF Documents Combined** - The jurisdiction requires that each of the lead documents be filed as separate documents, not all combined.
- **Illegible/Unreadable** - The clerk deems the document to be illegible.
- **Sensitive Data** - You need to redact the sensitive data in the document.

In order to preserve the original submission date for you resubmission, use the [Returned for Correction method](#).

#### 4. Failed Filing Notification

You will receive this notification if/when eFileCA detects an error with one, or more, of the documents in the filing. The reason for the error will probably not be clear so call our Customer Support team so we can contact the eFileCA or clarification of what changes are needed.

	<b>Filing Failed</b>
	Envelope Number: <b>84010</b>

This is a notification indicating that your filing failed during submission. Please make the necessary changes and resubmit your filing.

Filing Details	
<b>Case Number:</b>	201432551
<b>Envelope ID:</b>	84010
<b>Date/Time Submitted:</b>	10/21/2014 11:01:45 AM
<b>Case Style:</b>	Amanda Fleming v Acme Trucking

Document Details	
<b>Filings with error:</b>	Petition - Motor Vehicle Accident.pdf
<b>Documents that caused the error:</b>	CivilCaseInformation.pdf
<b>Reasons for Error:</b>	

A Failed filing is always caused by an issue with one, or more, of the documents you submitted.

The most common reasons for this are:

- **Non-Allowed Character in the Document Name** - A document name can be composed only of alpha-numeric characters plus periods. You cannot use characters such as -, @, #, etc.
- **Non-Allowed Fonts** - This occurs most commonly when you OCR pre-printed government-style forms such as BVS forms. The OCR software sometimes inserts non-allowed fonts for symbols such as check boxes.
- **Outside Links** - You cannot eFile documents that contain links to URLs outside the document.

You will have to resubmit a new filing when a filing has been Failed by eFileCA.

## XII. Canceling a Submitted eFiling

You may cancel an entire submission or individual filings in the submission.

### A. Cancel an Entire Submission

You can cancel all the filings in an entire submission until the time that the clerk locks one of the filings in the submission for review. After the filing has been locked for review or processed by the clerk you cannot cancel the entire submission but you may be able to cancel any filings in the submission that have not been locked for review by the clerk's office.

To cancel a submission, go to the **Submissions** page (**Figure 12-1, A**).

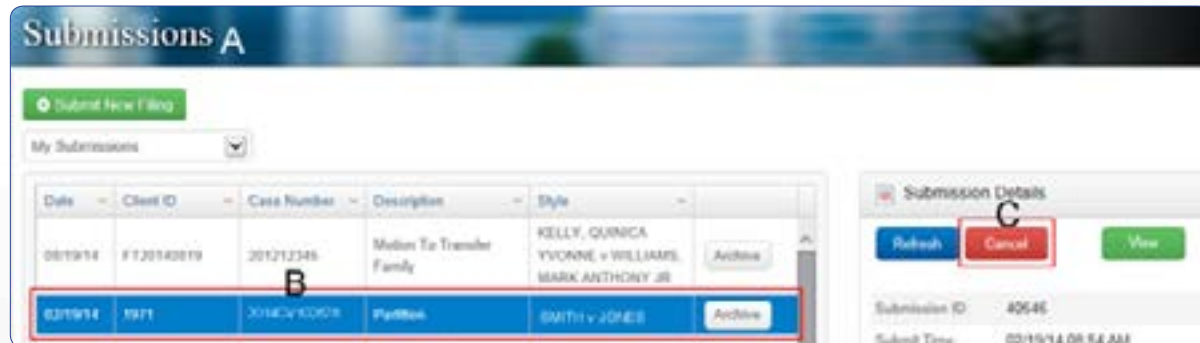

Figure 12-1, Cancel a Submission

Find the subject submission and click it to highlight it (**Figure 12-1, B**).

In the **Submission Details** section that opens in the right column, click the **Cancel** button (**Figure 12-1, C**).

The submission will now be canceled and all submission fees refunded back to you. It may take a few days for the fees to disappear from your account but they will. If you get an error message that the submission could not be canceled, it is because the clerk has locked one of the filings in the submission for review.

The eFileCA system will not notify any of your eService recipients that the submission has been canceled so that will be your responsibility.

### B. Cancel an Individual Filing

You can cancel a filing until the time that the clerk locks the filings for review. After the filing has been locked for review or processed by the clerk you cannot cancel it.

To cancel a filing, go to the **Filings** page (**Figure 12-2, A**).

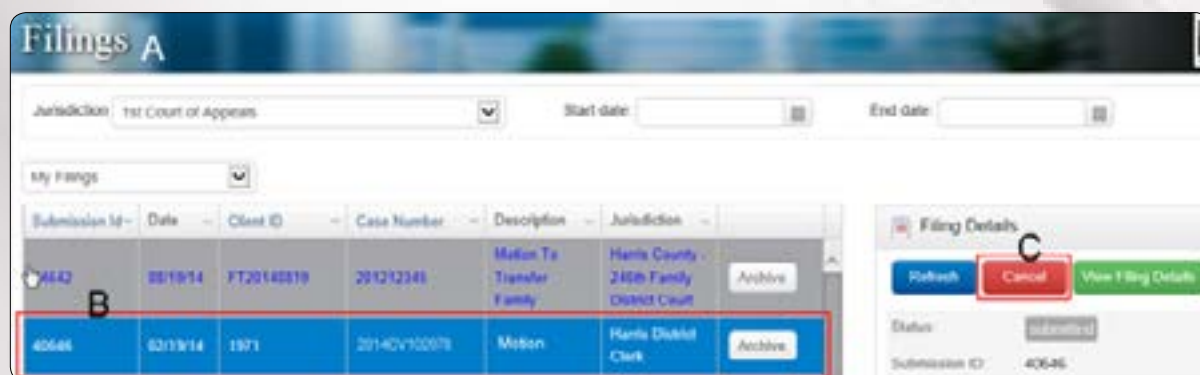

Figure 12-2, Cancel a Filing

Find the subject filing and click it to highlight it (**Figure 12-2, B**).

In the **Filing Details** section that opens in the right column, click the **Cancel** button (**Figure 12-2, C**).

The filing will now be canceled and all fees for that individual filing refunded back to you. It may take a few days for the fees to disappear from your account but they will. If you get an error message that the filing could not be canceled, it is because the clerk has locked the filing for review.

The eFileCA system will not notify any of your eService recipients that the filing has been canceled so that will be your responsibility.

# Chapter 13 - Templates

## XIII. Templates

### A. Case Templates

If your firm frequently initiates actions similar actions the Case Templates can save your firm filers time and reduce the incidence of data entry errors.

Firm eFiling Administrators can as many Case Templates as needed by your firm and they will all be available to your firm staff when they begin an eFiling submission.

It is important to note that the jurisdiction and party data in the template will be deleted if the filer changes the jurisdiction, Case Category, or Case Type.

#### 1. Create a Case Template

On the **Workspace** tab (**Figure 13-1, A**) click the drop-down arrow on the **Templates** button (**Figure 12-1, B**) located on the sub-navigation bar.

Click the **Case Templates** button (**Figure 13-1, C**) on the drop-down menu.

Figure 13-1, Go to Case Templates

The **Case Templates** page opens (**Figure 13-2**). The templates area will be empty if you have not yet created any case templates.

Figure 13-2, Case Templates Page

Click the **Add New Case Template** button (**Figure 13-2, B**) to create a case template.

The **Case Template** page opens (**Figure 13-3**)

The screenshot shows the 'Case Template' page. On the left, under 'Case Information', there are several fields: 'Template Name' (labeled A), 'Template Description' (labeled B), 'Jurisdiction' (set to 'Dallas County - District Clerk - Civil'), 'Case Category' (set to 'Civil - Injury or Damage'), 'Case Type' (set to 'Motor Vehicle Accident'), 'Payment Account' (set to 'Firm(\$454)'), 'Attorney Of Record' (set to 'Reese, Kisha J'), and 'Damage Amount Code' (set to 'Less than \$100,000 and non-monetary'). On the right, under 'Case Parties', there is a table with columns 'Party Type Text', 'Name', and 'Client'. It lists 'Defendant' and 'Plaintiff'. A green 'Add Case Party' button is labeled C. Below this is a 'Procedure Remedy' section with checkboxes for 'Appeal from Municipal or Justice Court', 'Arbitration-related', and 'Attorney's fees'. At the bottom, there is a 'Choose Service Contacts' button labeled D and a 'Save Template' button labeled E.

Figure 13-3, Create a Case Template

Add case template to the appropriate fields as shown below. The only field that is required is the **Template Name** (**Figure 13-3, A**).

The **Template Description** field (**Figure 13-3, B**) is not required but may help you locate the correct template more quickly if your firm makes many of them.

Add Case Parties (**Figure 13-3, C**) as appropriate for the template.

If desired, you can click the **Choose Service Contacts** button **Figure 13-3, D**) to associate your firm's service contact(s) with this template.

Click the **Save Template** button (**Figure 13-3, E**) when you are done.

Your Firm eFiling Administrator has the ability to edit any case template if later changes are needed to the template.

## 1. Start a New Case Filing with a Case Template

On the **Workspace** tab (**Figure 13-1, A**) click the drop-down arrow on the **Templates** button (**Figure 12-1, B**) located on the sub-navigation bar.

The **View** button (**Figure 13-2, E**) enables you to see the case info but it is also available for you to view **Case Template Details** section in the right column (**Figure 13-2, D**).

Complete the submission as you normally would.

### A. Case Party Templates

If you have a client or an entity for or against which you frequently initiate actions it would save time and reduce errors to save the party name and address information. This would enable your firm filers to use the saved info instead of having to manual enter it for each new case.

## 1. Create a Case Party Template

You can also save a Case Party Template while entering a case party as you will see further down.

From **Workspace** on the top navigation menu, click the **Templates** button (Figure 13-1, B) on the sub-menu.

Then click the **Case Party Template** button (Figure 13-1, D) on the drop-down menu.

The **Case Party Templates** page opens (Figure 13-4).

Figure 13-4, Case Party Templates

Initially you will see no templates on the **Case Party Templates** page. However, from this page you can:

- click the **Add New Case Parties** button (Figure 13-4, A) to add new case party templates,
- **edit** any case party templates you have created. Click a template to highlight it (Figure 13-4, B) and make any changes in the details area (Figure 13-4, C). Be sure to click the **Save Changes** button (Figure 13-4, D) if you make any changes to a template.

In the example below (**Figure 13-6**), we entered the first few letters (**Figure 13-6, A**) of the case party template name: Great State Insurance Company.

13-6, Select Case Party Template Name

FileTime presents the template option to you (**Figure 13-6, B**)... just click on the name of the template.

Be sure to select the correct **Party Type** (**Figure 13-7, A**) and check if this party is your client (**Figure 13-7, B**).

If you need to enter another party click the **Save and Add New Party** button (**Figure 13-7, C**).

Click the **Save and Add as Template** button (**Figure 13-8, D**) if you did not use a template for this case party but want to save it as a new template.

Click the **Save** button (**Figure 13-7, E**) when you are finished adding case parties.

# Chapter 14

## XIV. Archiving/Reactivating Cases

FileTime enables you to archive inactive cases and submissions, filings, and eServices. Archiving moves inactive cases, for instance, from the list of active cases but it does not delete those cases from our data base. You can later access an archived case and reactivate them if necessary.

### A. Archive a Case/Submission/Filing

Using the **Case Overviews** page as an example (**Figure 14-1**) click on the row for the case you want to archive, causing it to be highlighted.

Figure 14-1, Archive a Case

Click the **Archive** button (**Figure 14-1, A**) for that case.

The case is now moved from the list of active cases to the **Archived Cases** list.

Use the same process to archive **submissions**, **filings**, and **eServices** on their respective pages.

Be aware that this process archives the case for your entire firm.

### B. Access an Archived Case

Again using the **Case Overviews** as an example, click the **Cases** drop down menu (**Figure 14-2, A**).

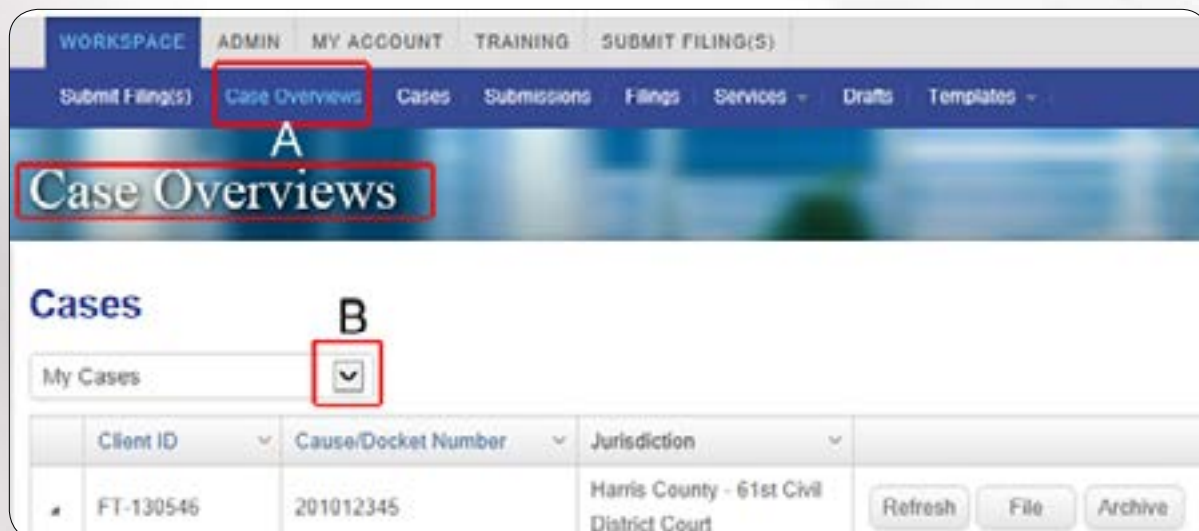

Figure 14-2, Cases Selector

The drop-down selector opens - click **Archived Cases** (Figure 14-3, A).

Figure 14-3, Select Archived Cases

The **Archived Cases** page displays (Figure 14-4).

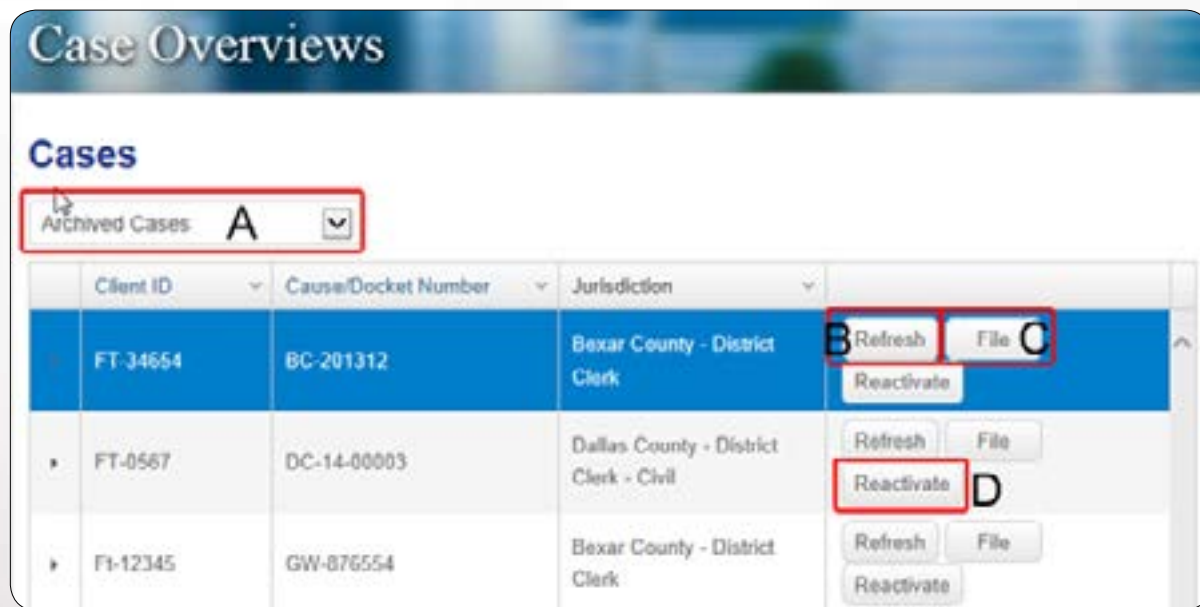

Figure 14-4, Archived Cases

From the **Archived Cases** list choose the Case you wish to review and click on the row of the case to highlight it.

Click the **Refresh** button (Figure 14-4, B) to download the most current information about the case from eFileCA.

Click the **File** button (Figure 14-4, C) to initiation a submission for the archived case.

### C. Reactivate an Archived Case

Click the **Reactivate** button (Figure 14-4, D) to move the case from the archive to your firm's list of active cases.

## XV. Retrieving Your File Stamped Document

There are many ways to view and print your file stamped documents in FileTime. Listed below are a few of the ways to do so.

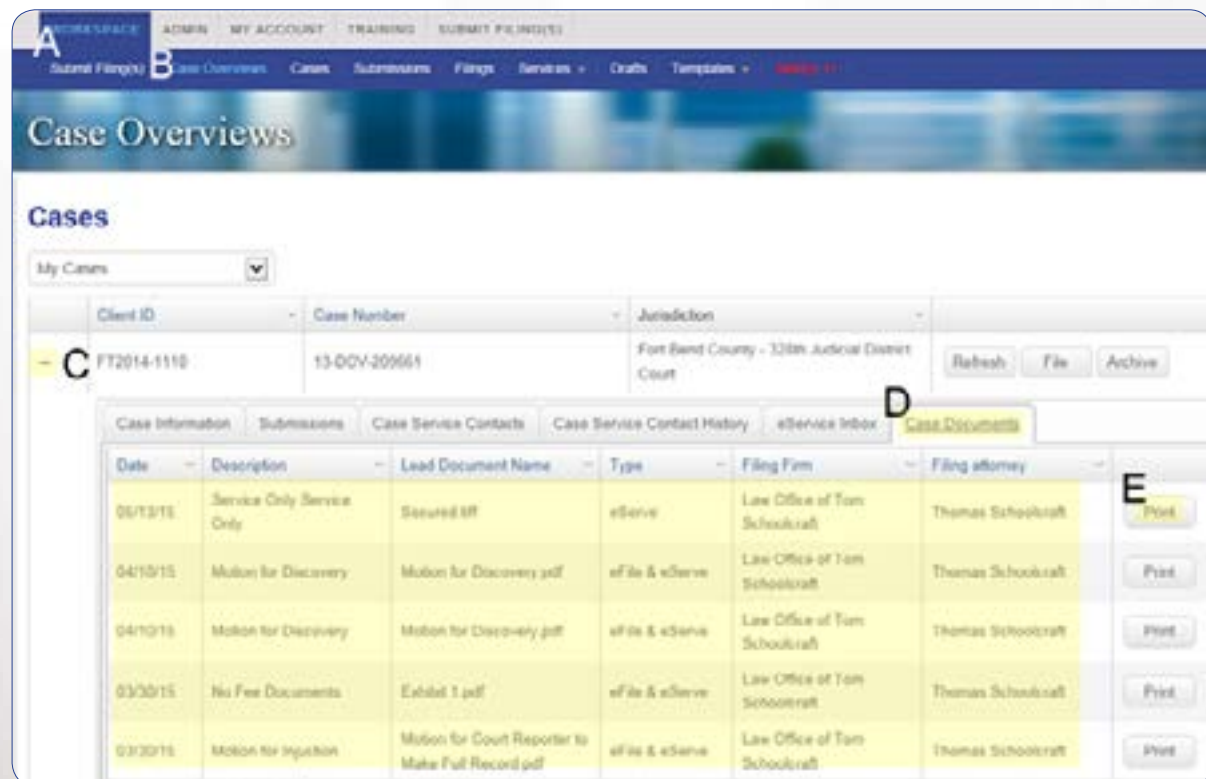

### A. From Case Overviews

This method is probably the quickest and it allows you to print the file stamped documents as you wish for submissions in a case.

After logging into FileTime, you are by default on **Workspace** (Figure 1, A) > **Case Overviews** (Figure 1, B)

Find the case and click the **+** sign in the far left column so it becomes a **-** sign (Figure 1, C).

On the tabs than open below the case, click the **Case Documents** tab (Figure 1, D).

15-1, Retrieve File Stamped Docs from Case Overviews

You can then click the **Print** button (Figure 1, E) for any submission and print the file stamped document for any submission.

## B. From Filings

After logging into FileTime, click the **Filings** button (Figure 2, B) on the sub-navigation bar.

Find the filing in question and click it to highlight it (Figure 2, C).

Scroll to the bottom of the **Filing Details** section for that filing and click the link to the file stamped document (Figure 2, D) to open and then print it.

The screenshot displays the FileTime 'Filings' interface. At the top, a navigation bar includes 'WORKSPACE', 'ADMIN', 'MY ACCOUNT', 'TRAINING', and 'SUBMIT FILINGS(S)'. Below this, a sub-navigation bar contains 'Submit Filings(s)', 'Case Overviews', 'Cases', 'Submissions', 'Filings' (labeled with a blue 'B'), 'Services', 'Drafts', and 'Templates'. The main section is titled 'Filings' and features search filters for 'Jurisdiction' (set to '10th Court of Appeals'), 'Start date', and 'End date'. A 'My Filings' dropdown is also present. A table lists filings with columns: Submission ID, Date, Client ID, Case Number, Description, Jurisdiction, and an 'Archive' button. One filing is highlighted with a blue background and a blue 'C' in a circle. To the right, the 'Filing Details' panel shows a 'View Filing Details' button and a list of metadata: Status (Accepted), Submission ID (113507), Submit Time (05/19/15 08:20 AM), Accept Time (05/19/15 08:47 AM), Client ID (FT-15-11-9), Case Number (75630373), Style (Tyna Banks v Joseph Brown), Jurisdiction (Travis County - District Clerk), Court (Travis County - District Clerk), Attorney (Victoria Amari), Filer (Thomas Schook, esq), Fees (\$0.00), and Filing Code (No Fee Documents). At the bottom of the details panel, under 'Filing Document(s)', there are links for 'MOTION for Discovery.pdf' and 'Stamped - Motion for Discovery.pdf', with the latter highlighted in yellow and labeled with a blue 'D'.

## XVI. The Case Overviews Page

The **Case Overviews** page is arguably the most important page on the FileTime site. On this page you can:

- Start an existing case submission,
- Review case information,
- Look at all submissions for each case as well as print the submission details,
- Look at all service contacts for each case as well as the attach/detach history for each,
- Designate additional recipients for eServices to the firm service contact for the case,
- View all eServices received from other counsel for the case and print the service documents, and
- View and print all documents submitted through FileTime for the case.

You arrive on this page by default after logging in to FileTime.

To receive the maximum benefit from this page you should know how to use the powerful search and navigation features in FileTime so you can quickly find a specific case. [View instructions here](#) if you do not know how to use these features.

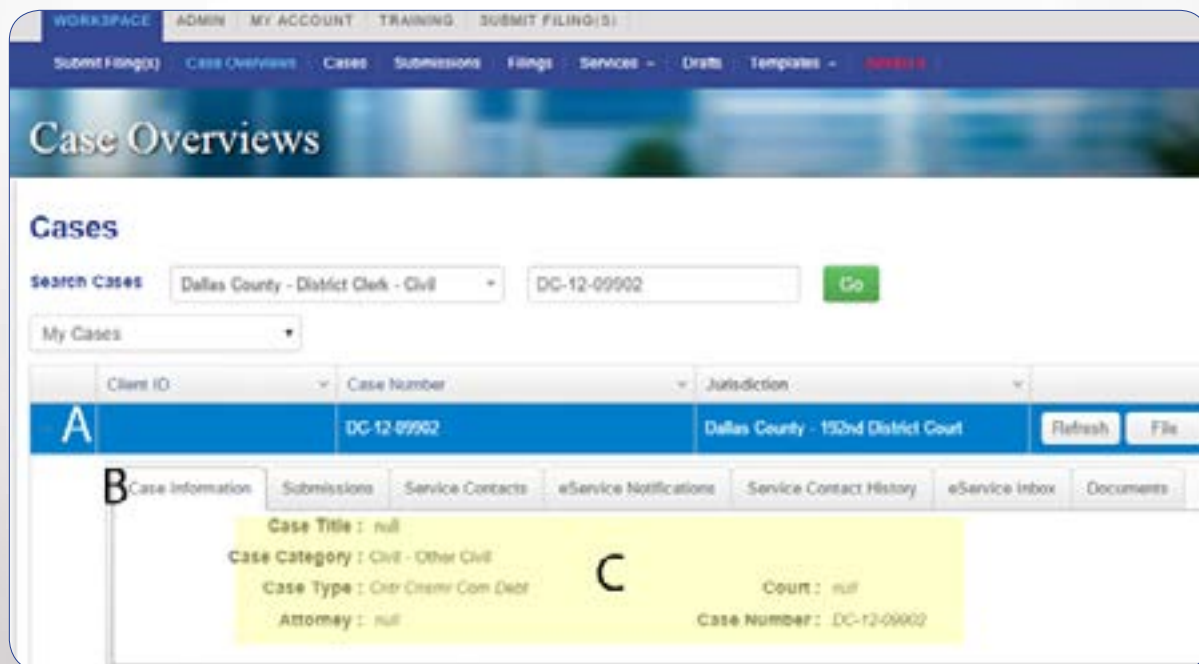

Figure 16-1, The Case Overviews Page

After finding a specific case, click the + sign that is in the far left column of the row (Figure 16-1, A). The + sign turns to a - sign (Figure 16-1, A) and the case tabs open below the case.

### A. Case Information Tab

This tab (Figure 16-1, B) provides you the basic information about the case (Figure 16-1, C). Not all jurisdictions provide the Case Style and Court assignment initially so you may see null values in these fields until FileTime is able to obtain that information from eFileCA.

## B. Submissions Tab

The **Case Submissions** page (Figure 16-2) by clicking the **Submissions** tab (Figure 16-2, A).

This page displays all the submissions by your firm for this case (Figure 16-2, C).

Click the **+** sign in the far left column (Figure 16-2, D) and you can view the individual filings in this submission.

Click the **View** button (Figure 16-2, E) to open the Submission Information page. From this page you view all the information about the submission as well as view and print the file stamped documents.

Click the **Print Case Billing Report** button (Figure 16-2, B) to print a report of all the eFiling and eService fees to date for the case.

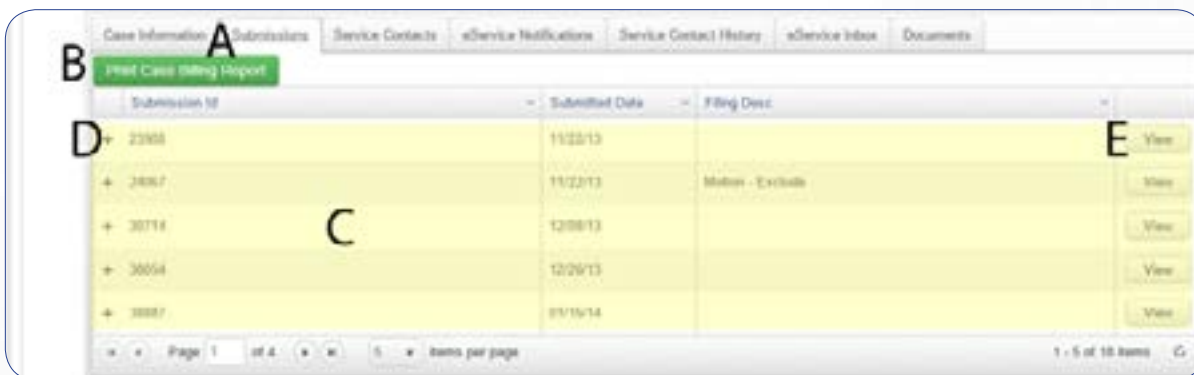

Figure 16-2, Submissions Tab

## C. Service Contacts Tab

The **Service Contacts** page (Figure 16-3) displays all of the service contacts for the case (Figure 16-3, B). This includes your firm's service contact(s) as well as other case counsel.

Click the Submissions tab (Figure 16-3, A) to reach this page.

Service contacts added to the case by your firm have a **Detach** button in the far right column (Figure 16-3, D). Click this button to remove the service contact from the case.

Service contacts that do not have a **Detach** button were added by another firm and eFileCA does not allow you to remove them from the case.

Click the **Attach Service Contact** button (Figure 16-3, C) to add a member of your firm as a service contact for the case.

Click the **Attach Non-Firm Service Contact** button (Figure 16-3, D) to attach a service contact from another firm to the case. Only use this method if that counsel is not [available to be added to the service list from the eFileCA Public Service Contact List](#).

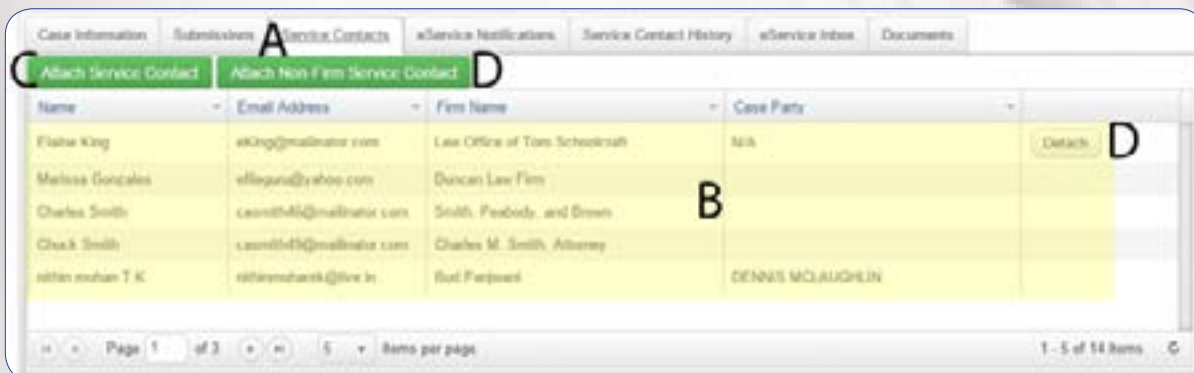

Figure 16-3, Service Contacts Tab

Anyone displayed on the Case Service Contact list above will be eServed when you submit for this case unless you specifically opt not to serve them.

#### D. eService Notifications Tab

On this page (Figure 16-4) your firm can add names of firm staff who are to receive copies of eService Notification sent to the firm service contacts for the case.

Anyone displayed on this list (Figure 16-4, B) will be sent a copy of the eService Notification email by FileTime. This is an exclusive feature of FileTime.

Add new recipients for the case by clicking the **Attach Case eService Notifications** button (Figure 16-4, C).

Click the **Edit** (Figure 16-4, D) and **Delete** buttons (Figure 16-4, E) to make the required changes to the existing list.

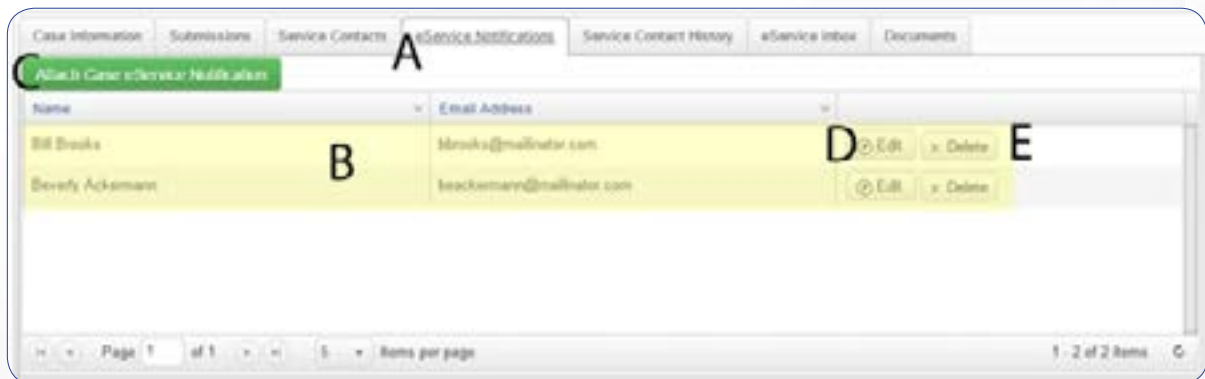

Figure 16-4, eService Notifications Tab

#### E. Service Contact History Tab

This page provides the eFileCA history of when service contacts were added to and deleted from the case.

This list is for all service contacts for all case counsel (figure 16-5, A), regardless of the service provider involved.

Click the + sign (Figure 16-5, B) in the far left column of a service contact to open the history for that service contact (Figure 16-5, C).

Figure 16-5, Service Contact History Tab

## F. eService Inbox Tab

On this page you can view all eServices received by your firm for the case from other counsel (Figure 16-6, B).

Click the **View** button (Figure 16-6, C) to view the details of the service and to access the file stamped document.

Unlike the eFileCA Notification of Service email that gives you access to the service document for only seven days, you can access the service document in this Inbox for months, depending on your firm's options.

Figure 16-7, Documents Tab

# Chapter 17 - Document Guidelines

## XVII. Document Guidelines

The document guidelines are largely defined in the [Technology Standards report](#) from the [Judicial Committee on Internet Technology](#) (JCIT).

### A. Dimensions

Documents must be 8.5" by 11". The FileTime document converter recognizes when your dimensions are off and will provide you a warning. It also provides you a **Repair** button, which if you click, will resize the document to 8.5" X 11".

### B. Orientation

Submitted documents must be *portrait* oriented, meaning 8.5" wide by 11" high. The FileTime document converter recognizes when your document orientation is off and will provide you a warning. FileTime also provides you a **Repair** button, which if you click, will reorient the document to *portrait*.

### C. File Type

Only PDF documents may eFiled. However, you may upload a wide range of document types during the submission process and FileTime will convert them to searchable PDF files for you.

### D. Maximum File Size

The eFileCA maximum file size is 35 MBs (Mega Bytes). This includes all documents in the submission.

### E. No Security Features Allowed

eFiled documents cannot contain any security or feature restrictions including password protection or encryption.

### F. Scanned Documents

All eFiled documents must be text-searchable PDF files. This means that scanned documents will have to be run through an OCR process to make them text-searchable. Furthermore, documents are to be scanned at 300 dpi to ensure the best conversion to a text-searchable PDF file. Be sure the scanner is set to black and white, NOT color. **NOTE:** While the standards specify 300 dpi for scanned docs, this makes a large file. Reducing the scanner resolution to 200 dpi creates a smaller file, if you are close to the 35 MB maximum size limit.

### G. No Embedded Videos or Programming

eFiled documents may not contain embedded multi-media video, audio, or programming.

### H. File Names

eFiled documents' filename should contain only alphanumeric characters that are part of the Latin1 General character set. No special characters are allowed and the length of the filename is restricted to 50 characters.

### I. PDF Standard

PDF 1.4 (ISO 19005-1:2005- Revised as ISP /NP 19005-1). This standard specifies how to use PDF for long-term preservation of electronic documents and is applicable to documents containing combinations of character, raster and vector data.

## XVIII. Managing Notification eMails

The volume of notification emails from eFileCA and from FileTime can be overwhelming. Fortunately, every registered user in the eFiling system can manage which of the emails they receive and designate additional recipients of them.

The only exception to this general rule are the Notification of service emails. eFileCA has no provision for a service contact to opt out of receiving the notification of service emails. If you are a service contact for a case the eFileCA system must deliver the notification of service email to you in order for service to be complete.

Therefore, in this section we will address the management of two categories of email notifications:

1. All eFileCA notification emails except notification of service, and all FileTime notification emails,
2. eFileCA notification of service emails.

### A. The notification of eMails (excluding the eFileCA Notification of Service email)

#### 1. eFileCA Emails

- [Filing Accepted](#) - You receive this for every filings accepted by the clerk.
- [Filing Submitted](#) - You receive this after each filing is received by eFileCA from you.
- [Filing Returned for Correction](#) - You receive this when the clerk returns the filing for correction.
- [Service Undeliverable](#) - This means that the eService cannot be delivered to the intended recipient.
- [Filing Submission Failed](#) - You receive this when eFileCA fails the filing before it gets to the clerk. The reason is always a problem with one of more of the documents.

#### 2. FileTime Notification Emails

- [Filing Submitted](#) - You receive this for each submission.
- [Filing Accepted](#) - This comes to you after a filing is accepted and it provides billing information.
- [Filing Failed](#) - You receive this when eFileCA fails a submission.
- [Filing Returned for Correction](#) - You receive this email, which contains information about how to re-file and preserve the original submission date when the clerk returns a filing for correction.
- [Service Status](#) - This email updates you on the status of all the eService recipients after you eServe them.
- [Copy of Notification of Service eMail](#) - This email is sent by FileTime to the designated recipients for a case service contact.

### B. All eMails Except the eFileCA Notification of Service

#### 1. Select to Not Receive Specific Notification Emails

Individual users can opt out of receiving specific notification emails from eFileCA.

Figure 18-1, Manage Notification eMails

Click **My Account** on the top navigation bar (Figure 18-1, A).

Click the down arrow to the right of the **Notification Options** button (Figure 18-1, B).

Click **Manage Notification Emails** on the drop-down menu (Figure 18-1, C).

You are now on the **Manage Notification eMails** page (Figure 18-1).

In the **eFileCA Notifications** area (Figure 18-1, D) uncheck any notification email(s) you don't want to receive.

In the **FileTime Notifications** area (Figure 18-1, E) uncheck any notification email(s) you don't want to receive.

Click the **Save Changes** button before leaving this page.

You will not receive any of the notification emails you have unchecked.

## 2. Have Copies of the Notification eMails for You Sent to Someone Else

Now that you have stopped some of the notification emails sent to you, you might want to make sure that copies of them go to someone else in your firm. It could be your legal assistant or perhaps an administrator, or maybe both.

Here is how you do so.

Click **My Account** on the top navigation bar (Figure 18-1, A).

Click the down arrow to the right of the **Notification Options** button (Figure 18-1, B).

Click **Administrative Copies** on the drop-down menu (Figure 18-1, F).

You are now on the **Administrative Copies** page (Figure 18-2).

Figure 18-2, Administrative Copies Page

Anyone displayed (Figure 18-2, A) will be sent copies of all the Notification emails that would be directed to you. You can click the **Edit** and **Delete** buttons as required.

Click the **Add New Recipient** button (Figure 18-2, B) to add new recipients to the list.

### 3. Add Additional eService Notification eMail Recipients

FileTime enables you to add an unlimited number of additional eService notification email recipients for any eServices you are sent. This feature is unique to FileTime.

Name	Email Address	
Julia Griffin	jbriffin@mailinator.com	<a href="#">Edit</a> <a href="#">Delete</a>
Jesse DeSpain	jdespain@mailinator.com	<a href="#">Edit</a> <a href="#">Delete</a>
Alicia Delgado	AliciaDelgado@mailinator.com	<a href="#">Edit</a> <a href="#">Delete</a>

Figure 18-3, eService Notification Copies

This is your default setting. Any names and email addresses you add here will automatically

be sent [copies of any Notification of Service emails](#) sent to you by eFileCA. However, this can be over-ridden by the case specific eService Notification list (see section 4 below).

To add multiple eService notification recipients:

Click the down arrow to the right of the **Notification Preferences** button (Figure 18-1, B).

Click **eService Notification Copies** on the drop-down menu (Figure 18-G).

On the **eService Notification Copies** page (Figure 18-3) you will see all individuals (Figure 18-3, A), if any, already added to receive copies of eService Notification emails sent to you.

Click the **Add eService Notification** button (Figure 18-3, G) to add a new recipient.

Let FileTime guide you in adding the new recipient.

#### 4. Customize the eService Notifications Copies List

In section 3 above we showed you how to create a default list of recipients to receive copies of eService notifications sent to a firm service contact.

However, FileTime also provides a for the firm to create a custom list of recipients for cases. When you create a custom list FileTime ignores the default list of recipients and sends the eService Notification emails only to the names on the case eService Notifications list.

This list over rides the default list created in section 3 above.

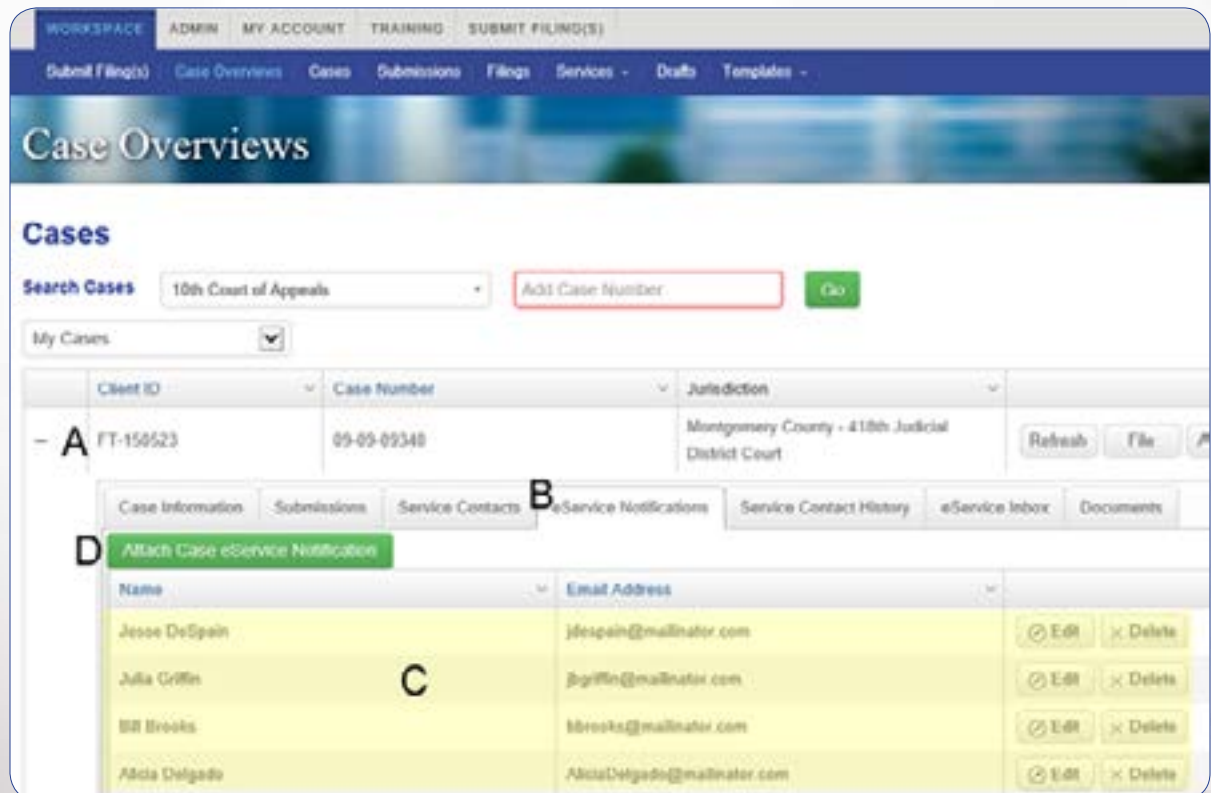

Figure 18-4, Case-Specific eService Notifications list.

Form the **Workspace** and while on the Case **Overviews** page, find the case for which you want to create a custom eService notification emails distribution list.

Click the + sign in the far left column so that it becomes a - sign (Figure 18-4, A).

The case tabs open below the case.

Click the **eService Notifications** tab (Figure 18-4, B).

Any recipients that your firm has already added for the case will display (Figure 18-4, C).

Click the **Attach Case eService Notification** button (Figure 18-4, A) to add recipients.

Click the **Edit** and **Delete** buttons for a recipient on the list as needed.

Again, when names are added to this list, only these individuals will receive notification of service emails for this case.

### C. The eFileCA Notification of Service eMail

The eFile Texas system is required to send the [Notification of Service email](#) to the email address of the intended recipient. For that reason, a service contact cannot opt out of receiving that email.

You can, however, establish rules some email client software, such as Microsoft® Outlook, that directs those emails into another email folder.

eFileCA provides an option for the firm to direct an additional Copy of the eService Notification email to another email address.

Only a firm eFiling administrator can perform this task and here how it is done.

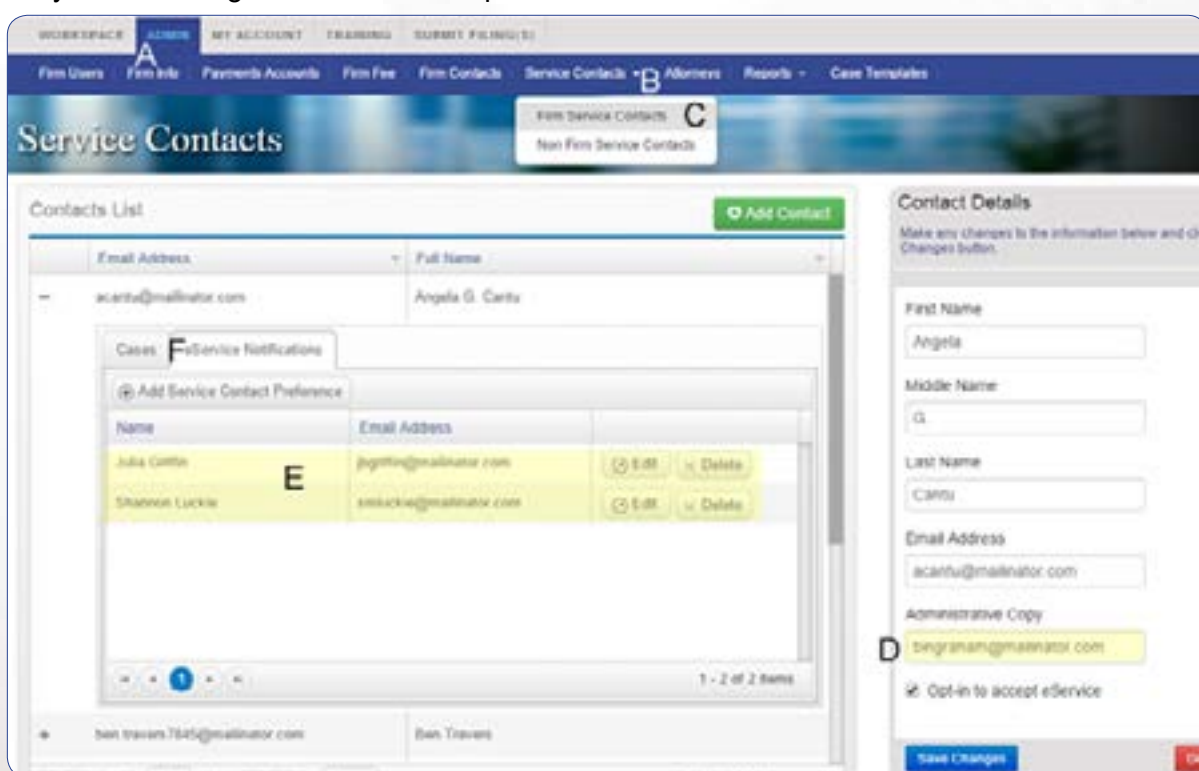

Figure 18-5, Add Administrative Copy

The firm eFiling Administrator logs into FileTime and clicks the **Admin** button (Figure 18-5, A), then **Service Contacts** ((Figure 18-5, B), the **Firm Service Contacts** (Figure 18-5, C) on the drop down menu.

The administrator is now on the **Service Contacts** page (Figure 18-5).

Find the firm service contact and click on the name to highlight it.

The **Contact Details** section opens in the right column for that person.

In the **Administrative Copy** field (Figure 18-5, D) enter an email address to which you want eFileCA to deliver a [copy of the Notification of Service email](#).

Be sure to click the **Save Changes** button when done.

If you add an email address under the Administrative Copy area and also use the procedures in

section B.3. or B.4 above to have FileTime send a copy of the eService notification email to the same email address that person will receive two notifications.

For that reason we recommend that you use the FileTime options (section B.3. or B.4) as they allow you to direct an unlimited number of emails, giving you more flexibility.

## XIX. Managing Service Contacts and Service Recipients

FileTime enables you to manage your firm's case service contacts without going through a case filing process. You can also view counsel's eService contacts prior to submitting a filing for the case using the following process.

### A. Manage Your Firm Contacts Outside of a Filing

After logging into your firm account, you will be, by default, on the **Case Overviews** page (**Figure 19-1, A**). You can also perform the following from the **Cases** page.

The screenshot shows the FileTime 'Case Overviews' page. At the top is a navigation bar with links: 'Submit Filing(s)', 'Case Overviews' (labeled A), 'Cases', 'Submissions', 'Filings', 'Drafts', 'eService', and 'Templates'. Below this is a 'Case Overviews' header. The main section is titled 'Cases' and contains a dropdown menu labeled 'My Cases' (labeled B) with a right-pointing arrow (labeled C). Below the dropdown is a table with columns: 'Client ID', 'Cause/Docket Number', 'Jurisdiction', and actions ('Refresh', 'File', 'Archive'). The table lists three cases. The third case, 'FT-130546', is highlighted with a red box (labeled C). Below the table are tabs: 'Case Information', 'Submissions', 'Case Service Contacts' (labeled D), and 'Case Service Contact History'. The 'Case Service Contacts' tab is active, showing a table with columns: 'Name', 'Email Address', 'Firm Name', 'Case Party', and actions ('Attach Service Contact' (labeled E), 'Detach' (labeled H)). The table lists three contacts. The first contact, 'Charles Zimmer', has a red box (labeled F) next to his name. The second contact, 'Charla Twain', has a red box (labeled G) next to her name. The third contact, 'Lindsey Massey', has a red box (labeled H) next to her name.

Lindsey Massey	Charles Zimmer	Law Office of Kindra Reese	ANDOC RESOURCES	Attach Service Contact Detach

Figure 19-1, Case Service Contacts

By default, FileTime displays for you only your own cases (**Figure 19-1, B**). You can click the drop-down arrow to select to view all of your firm's cases or all the cases your firm has archived.

Find the case for which you want to view or manage the service contact list. Click the right-pointing arrow (**Figure 19-1, C**) to open the display tabs for that case.

Click the **Service Contacts** tab (Figure 19-1, D).

eFileCA only allows you to delete your firm's service contacts so any of your firm's service contacts that you have assigned to the case will show the **Detach** button (Figure 19-1, H) in the actions column.

Any case service contacts for counsel will be blank in the actions column (Figure 19-1, F).

Click the **Attach Service Contact** button (Figure 19-1, E) to attach a service contact for your firm to this case.

### B. View the Case Service Contact/Recipient List before eFiling

FileTime enables you to view the service contact list for a case without going through the submission process. This enables you to quickly view who you will be able to eServe as you create the certificate of service on your document(s) to be eFiled.

**Figure 19-1** displays for you the entire service contact list (your firm's service contacts for the case) and service recipients (counsel's service recipients for the case).

FileTime also enables you to quickly check the eFileCA Public Service Contact List for attorneys who have not yet opted in for eService for the case but which you can add to the case service list from the Public Service Contact List.

### C. Check the Public Service Contact List

You may be able to add counsel to your case service contacts list even though he/she has not yet opted-in for eService on a case. If he/she is on the eFileCA Public Service Contact List you will be able to add him/her to the service contact list for the Case.

#### To check if counsel is on the Public Service Contact List:

After logging into FileTime you arrive on the **Workspace** tab (Figure 19-2, A) on the main navigation bar.

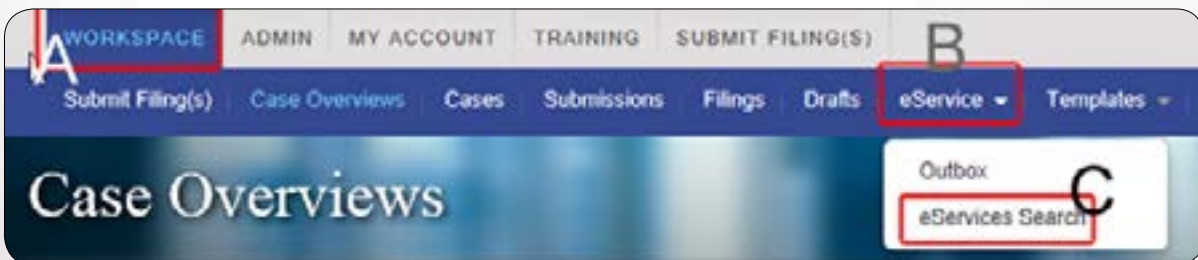

Figure 19-2, eService Options

Click the down arrow to the right of the **eService** (Figure 19-2, B) button on the sub-navigation bar.

Click the **eServices** button (Figure 19-2, C) on the drop-down list.

The **Search eService Contacts** page (Figure 19-3) opens.

The image shows the 'Search eService Contacts' page. At the top, there is a heading 'Search Opposing Counsel Attorney(s)'. Below this, there are three input fields for searching: 'First Name' with the value 'cha' (labeled 'A'), 'Last Name' with the value 'Smith' (labeled 'B'), and 'Firm Name' (labeled 'C'). There are 'Or' separators between the fields. A green 'Search' button is located to the right of the input fields, labeled 'D'.

Figure 19-3. Public Service Contact List Search

Enter ANY part of the **First Name (Figure 15-3, A)**, and/or **Last Name (Figure 19-3, B)**, and/or **Firm Name (Figure 19-3, C)**.

The more information you enter the more you will narrow your search. For a common name such as Smith, you will want to want to narrow your search considerably. For a less common name you can enter less information. If you enter a firm name such as Smith Jones and McGuire, the search will not a firm name of Smith, Jones, and McGuire. However, had you entered only McGuire in the firm name, the search feature would return Smith, Jones, and McGuire.

Click the **Search** button (**Figure 19-3, D**).

The Search results are returned to you, (**Figure 19-4**).

Name	Firm Name	Email Address
Chad Smith A	Kelly Hart & Hallman LLP	chad.smith@kellyhart.com
Charles Smith B	Jackson Walker LLP	clsmith@jw.com
Charles V Smith	Frank, Elmore, Llevens, Chesney & Turel, LLP	cvs85@sbcglobal.net
Charley Smith C	Law Office of R J Parham E	charleysmith@live.com
Michael A. Smith D	Law Office of Kaye Lynne Bell & Associates	maslegal@live.com

Figure 19-4, Public Service Contact List Search Results

FileTime returns to you all people who are listed in the eFileCA Public Service Contact list whose information matches the search criteria you entered. In this case it returned everyone who first name contains cha, including Chad (**Figure 19-4, A**), Charles (**Figure 19-4, B**), Charley (**Figure 19-4, C**), and Michael (**Figure 19-4, D**). This search would also bring up names such as Charla, Michaela, etc.

If you find that too many names are returned, add more search criteria and click the Search button again. An example would be to add a part of the Firm Name, Parham for example (**Figure 19-4, E**).

If the name you are seeking does not display, that person is not in the Public Service Contact List or your search criteria was incorrect.

# Chapter 20

## XX. Fax Service Information

We provide free fax service for two of our billing plans. This enables you to quickly and easily serve counsel that has not submitted service contacts for the case. All you need to provide is the name and fax number for the recipient and let FileTime do the rest.

### A. FileTime Fax Service Guidelines and Information

FileTime will send the fax service as quickly as possible but there can be a queue at busy times. We strongly suggest that you not wait until the last moment to send fax service.

We do not consider a fax service delivered unless all of the pages in the document(s) have been accounted for. You will be alerted to the failed fax service if even one page has not been delivered.

FileTime FaxService is only available with our pay-per-submission options:

- Gold Plan (\$2.99) per submission - We allow you 100 pages of fax service per submission. To calculate the number of pages per submission, multiply the total pages in the submission by the number of counsel to be fax served.
- Platinum Plan (\$3.99 per submission) - We allow you an unlimited number of pages of free fax service per submission.

### B. Fax Service Status Notifications

You will receive a **Proof of Fax Service** email after a fax service has been successfully delivered.

If the fax service fails for some reason, you will also receive a **Fax Service Failed** email notification.

The Fax Service will contain a cover page with the standard TRCP language.

Additionally, when you view the **Filing Details** page for a filing containing a FileTime Fax Service you will find the following on that Details page:

- A **Print a Proof of Fax Service** button (**Figure 20-1, A**) and
- An overview of the Fax Service(s) status (**Figure 20-1, B**) (this will be at the bottom of the **Filing Details** page).

If the fax service fails, you will see the **Print Proof** button (**Figure 20-1, C**) replaced by a **Retry** button. Clicking this button will enable you to change the fax number and resubmit the fax service.

## XXI. Navigating and Customizing Your Views

We designed FileTime data grids to provide you powerful tools to find specific records and customize the columns to better meet your needs.

### A. Firm/Personal Filter

You will find a filter like the one below (Figure 21-1) on the Case Overviews, Cases, Submissions, and Filings pages. Most of your firm filers will probably be interested in seeing only their own Cases, Submissions, or Filings.

But, as a firm eFiling administrator you may want to click the Firm options in order to view actions firm-wide rather than just for yourself.

Figure 21-1, Firm/Personal Filter

## B. Sorting Grid Columns

Click the  icon (Figure 21-2, A) to open the options shown in Figure 21-2.

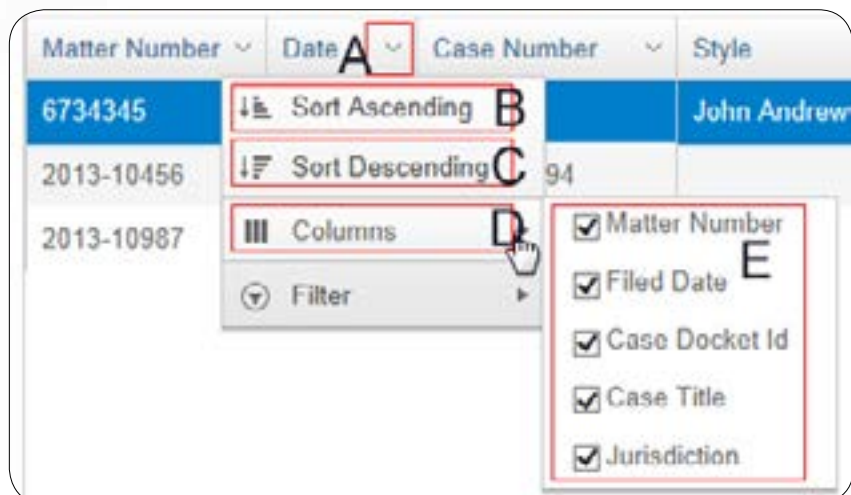

Figure 21-2, Grid Sorting and Display Options

Click the **Sort Ascending** button (Figure 21-2, B) to organize all the rows of data in that column in **Ascending** order.

Click the **Sort Descending** button (Figure 21-2, C) to organize all the rows of data in that column in **Descending** order.

## C. Customizing Grid Columns

You can also control which columns display on your grids. The columns that are checked (Figure 21-2, E) will display. Let us know if you want to see other options and we can add them in a future update.

## D. Searching in Grids

Use the FileTime filtering options to quickly find the specific case, name, email address, etc. in the appropriate grid column.

Clicking the **Filter** button (Figure 21-3, A) opens powerful search/filtering capabilities to you.

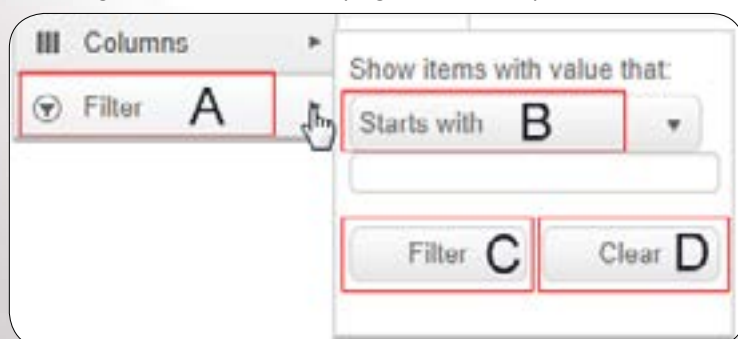

Figure 21-3, Searching the Column

1. The Filter-type (Figure 21-3, B) button provides you four options:

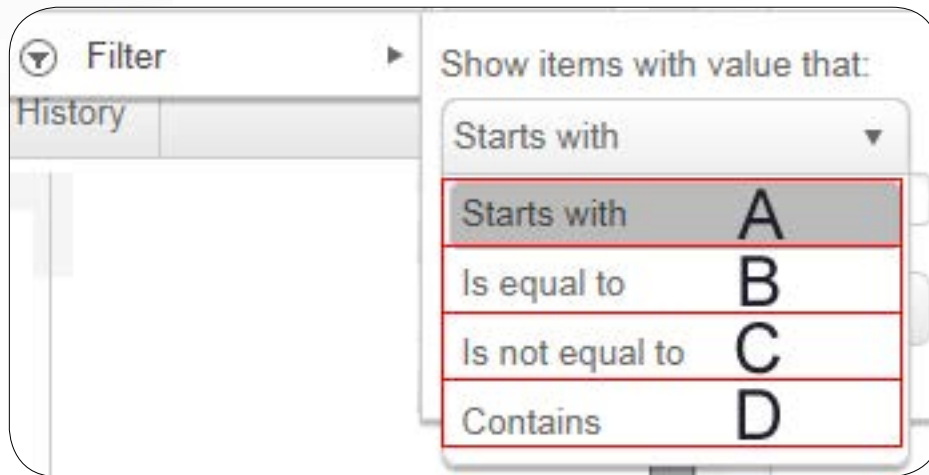

Figure 21-4, Filtering Options

- **Starts with** (Figure 21-4, A) - Select this choice and you will filter for any records that start with the data you enter in Figure 21-3, C.
- **Is not equal to** (Figure 21-4, B) - Select this option leave all records displayed on the grid except those that are equal to the data you enter into C.
- **Is equal to** (Figure 21-4, C) - Select this option and only records that are exact matches to what you enter into C will be displayed.
- **Contains** (Figure 21-4, D) - This option is often the most useful. Use is when you are not sure of the exact data you look up. This option causes FileTime to display and records with any part that matches the data you enter (Figure 21-3, C).

2. Enter your search criteria in the Filter Criteria field (Figure 21-3, C).

Depending on the Filter-type you selected in the previous step and the data column in which you are performing this search, you may need to enter the complete Case Style or just a few numbers of the matter number, as examples.

3. Click the Filter or Clear button

Click the **Filter** button (Figure 21-3, D) to perform the search/filter. You will be returned to the grid with only the record or records matching your search/filter being displayed.

Click the **Clear** button (Figure 21-3, E) to clear all the selections you made above and start over.

## E. Drill Down

The **Case Overviews** page contains a drill down option that enable you to dig down inside each case and see a great deal of the case information without going to a new page.

Figure 21-5, Drill Down for Case Information

Click the ► icon (Figure 21-5, A) in the left column of the row you wish to drill-down. That opens the case tabs for that case (Figure 21-5, B).

Click on each tab to view the information available:

- **Case Information** - Under this tab you will find basic information about the case.
- **Submissions** - You will find a list of submissions for the case under this tab. You will then be able to click to open the Details page for each submission.
- **Case Service Contacts** - Under this tab you can view all counsel for the case, including your firm's service contacts and other counsel listed as service recipients.
- **Case Service Contact History** - Under this tab you will be able to view the **Add and Delete** history for all the service contacts to this case.

In the example above, the **Submissions** tab is clicked and FileTime displays the single submission for this case (Figure 21-5, C).

## F. Grid Navigator

When you have a large number of cases, submissions, filings, etc., they cannot all be displayed conveniently on one page.

The navigator at the bottom (Figure 21-6) of the grid provides ways to quickly view all the rows on the grid.

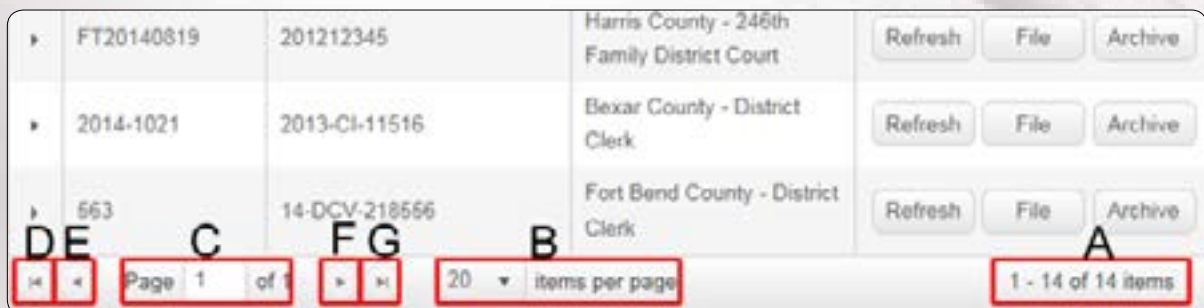

Figure 21-6, The Grid Navigator

- **Total Records** (Figure 21-6, A) - The records display shows which group out of the total

number of records (cases, submissions, filings, etc. - depending on which grid) are available.

- **Items per Page** (Figure 21-6, B) - You have multiple selections concerning how many rows you want FileTime to display.
- **Page Displayed** (Figure 21-6, C) - This area shows you which page of the total pages available is displayed. The number of pages available will vary by the number of records available and the number of records you want FileTime to display.
- **Go to Beginning** (Figure 21-6, D) - Click this button and you are returned to the page containing the first record.
- **Go Back One Page** (Figure 21-6, E) - Click this button to go back one page.
- **Go Forward One Page** (Figure 21-6, F) - Click this button to go forward one page.
- **Go to End** (Figure 21-6, G) - Click this button to go to the last page.
